

Real Ultimate Power: The Official Ninja Book By Robert Hamburger **Real ultimate power book** Yeah right! If by code of honor you mean code to flip out and go nuts for absolutely no reason at all even if it means that people might think you are totally insane or sweet then you are right. **Real ultimate power book** But if you mean a code to be nice and speak nicely while sharing and not cutting off heads then you're the biggest idiot ever!!!!!! So if you have any brains you will shut up and get a life. **Real ultimate power book** If you are a cool and awesome 5 6 7 8 9 10 11 or 12 years old this is a must book to study when you have 5 or 10 minutes time to learn how to become a true ninja. **Real ultimate power ninja** The author begins explaining why he wrote this book on ninjas (because they are so awesome) and he moves on to some other awesome topics like: Part 1: Who are these guys and what's their problem? Part 2: The real history of the ninjas (which will just blow your mind). **Real ultimate power book** Don't forget to read the appendix and exhibits section which has a super cool glossary and of course there is also an awesome quiz to make sure you have learned everything in this complete guide to ninjas. **Real ultimate power website** It's a good book to have on your coffee table or your bathroom library I can't really enlighten you but this book will give you a fascinating journey in the mind of a fictional ninja obsessed lonely schoolboy who's just learning the roller coaster wave of stupid that testosterone can inject into his life. **Real ultimate power book** Reading it brings back memories of the ridiculous and idiotic stuff my cousins and I used to do with firecrackers and swords and whatnot and inspires me to keep that sort of energy alive in my life. **Real ultimate power ninja** Kindle With REAL ULTIMATE POWER Robert Hamburger has written a great mocking treatise on everything Ninja using the topic to pick apart the freaky passions of the pre or near pubescent male in western society. **Real ultimate power wow** Of course this is assuming that Hamburger is indeed a pen name; if not an explanation using intentional fallacy must come into play The epitome of satire is being named among those one satirizes thus with the current moniker of Frat Lit it seems Hamburger has completed his mission:

But don't expect to be able to casually read it in bed each night. **Real ultimate power book** This book popped out with a flying kick and went through a concrete wall. **Real ultimate power book** It tackled my neighbor and scared my dog so bad he peed on the kitchen floor: **Real ultimate power book** One quick needle tipped with a sedative and it was down long enough to put it into submission: **Real ultimate power book** If you are looking for an actual training guide look for something else: **Real ultimate power wow** Kindle If you don't already know about REAL ULTIMATE POWER.

Dear Stupid Idiots A lot of you have been saying that I don't know anything about REAL ninjas: **Real ultimate power website** But that's a bunch of bull crap! You dummies don't know anything. **Real ultimate power book** I bet a lot of you have never even seen a girl naked! You idiots believe that ninjas had some code of honor: **Real ultimate power book** No thank you Robert Hamburger Real Ultimate Power: The Official Ninja Book Finally a true and factual book on the pure awesomeness of being a ninja, **Real ultimate power website** In fact your teachers may insist you do a book report on it, **Real ultimate power website** OOPS I forgot real ninjas have no use for school and school teachers according to the expert writer in this awesome book, **Real ultimate power book** In fact according to this awesome volume you may be retarded if you desire to become anything other than a ninja. **Real ultimate power book** When I saw this 193 page black soft cover book (Real Ultimate Power: The official ninja book by Robert Hamburger) I knew it was going to be super cool man, **Real ultimate power ninja** Part 3: Ninjas every day: (about their super powers ninja fantasies romance and the ninjas). **Real ultimate power book** Part 4: Welcome to my dojo! (Joining a clan becoming a

ninja and ninja kicks are covered in this awesome section), **Real ultimate power wow** The awesome thing about being a ninja is you do not need to attend a regular school to learn reading writing and math: **Real ultimate power book** Just find a ninja master to train with to learn everything you need to become a super cool (and of course AWESOME) ninja, **Real ultimate power ninja** In conclusion this very humorous approach to ninjas made me laugh enough I just had to give it 4 stars: **Real ultimate power book** So get pumped up and prepare for a goofy ironic and crazy ninja read: **Real ultimate power book** From the description on the cover I assumed this would be light hearted and goofy much like Chuck Norris facts. **Real ultimate power ninja** Turns out it was really dark when you consider the narrator is a mentally unstable child with deep psychological issues: **Real ultimate power website** As humorous as it was it was impossible to ignore the uncomfortable subtext of a very depraved child deeply struggling for acceptance and friendship, **Real ultimate power website** Kindle I just recently bought this book but I've enjoyed reading these fratire style jokes and ramblings on the internet since this book came out: **Real ultimate power website** It's pretty funny but the subject matter of the book really requires that you get pumped up to fully enjoy it and appreciate it: **Real ultimate power wow** I tried reading it casually and I actually felt kind of tired after a couple minutes. **Real ultimate power book** It's like trying to keep up with a hyperactive 4 year old but cooler, **Real ultimate power website** One thing to consider is that the jokes in this book have been quoted and requoted on the internet for the past few years: **Real ultimate power wow** Even if you don't know it you've probably read a quote (direct or paraphrased) at some point on a web forum or blog: **Real ultimate power book** You pretty much know the gist of it if you've read something about a ninja uppercutting a kid for opening a window, **Real ultimate power wow** It's not an expensive book and it's kind of cool just to have next to the other fratire books like The Alphabet of Manliness: **Real ultimate power book** Kindle Even if sometimes you don't really know what's being talked about you still know you're in the presence of awesome: **Real ultimate power ninja** Will he rest among the great satirists such as Swift Dryden Twain Orwell or even Groening? Perhaps not. **Real ultimate power book** Yet while Robert Hamburger may be young in years he is no child and there should be a regarded place for his work. **Real ultimate power book** It is too easy to after the fact pick apart the banal aspects of REAL ULTIMATE POWER; much harder to find the deeper meaning among the interstices: **Real ultimate power wow** Then again I've not laughed out loud as much during a reading in many years: **Real ultimate power wow** This may be a sign of a personal lack of taste or perhaps even an indictment of low art, **Real ultimate power website** However the astute reader will surely find the value hidden in this work. **Real ultimate power ninja** I have to keep it locked away as I can get a bit too pumped reading it, **Real ultimate power ninja** If you like Ninjas and you like getting pumped (not in a sexual way) and flipping out then this is a book about it! Kindle For real and it's a funny book too. Kindle When I opened the box I almost lost an eye. Luckily I had my blow dart gun near by. Seriously though. This book is hilarious. Just look at the preview. I need to run now. I think it heard me call it funny. And maybe YOU should get a life. So go shut up you stupid idiot. Those subjects are retarded according to this book. Rating: 4 Stars. Joseph J. Truncala (Author: Martial Art and Warrior Haiku and Senryu). Kindle This wasn't really what I was expecting. And a great work it is. Kindle An amazing book. I loved the website in years first time I saw it. Also check out The Ninja Handbook. Kindle Super sweet! Kindle
