

We Are Bellingcat: An Intelligence Agency for the People By Eliot Higgins A manifesto for optimism in a dark age' Luke Harding Observer How did a collective of self taught internet sleuths end up solving some of the biggest crimes of our time? Bellingcat the home grown investigative unit is redefining the way we think about news politics and the digital future. Here their founder - a high school dropout on a kitchen laptop - tells the story of how they created a whole new category of information gathering galvanising citizen journalists across the globe to expose war crimes and pick apart disinformation using just their computers. From the downing of Malaysia Flight 17 over the Ukraine to the sourcing of weapons in the Syrian Civil War and the identification of the Salisbury poisoners We Are Bellingcat digs deep into some of Bellingcat's most successful investigations. It explores the most cutting edge tools for analysing data from virtual reality software that can build photorealistic 3D models of a crime scene to apps that can identify exactly what time of day a photograph was taken,

A little too difficult for me to understand in parts which would make me lose interest in certain parts my brother liked it very much. But you have to have a very detail oriented & knowledge of intricate details to fully appreciate it: And apparently according to my brother it was for him & my cousin to a lesser extent: He enjoyed it too but again it was a little above his head too. All that being said I still learned some stuff & enjoyed learning , 272 pages The story of Bellingcat / Eliot Higgins is truly amazing, Must read for any one interested in current affairs news politics and Russian actions around the world.
