

Japanese For Young People I: Student Book: 1 By AJALT Japanese For Young People I: Student Book: 1 Great book Japanese For Young People I: Student Book: 1 Bought this book for my son to improve his Japanese as he's taking it in school. Japanese For Young People I: Student Book: 1 The layout and extra colour when compared to the adult books really does make it appealing for young learners so for young people it is worth getting this version rather than the regular adults version. Japanese For Young People I: Student Book: 1 only received today so too early to say much from first impression not as boring as adult version Japanese For Young People I: Student Book: 1 Helps my son to learn some basic Japanese. Japanese for busy people is for business people and fill in the blank while Japanese for Young People is school related has exercises and forces you to think and memorize the vocabulary: It's really a great book to self learn and/or with a tutor. Ever since buying this for him he is really succeeding in Japanese and his marks have increased significantly. Highly recommend this book to any one wanting to learn Japanese it's very easy to use and understand.
