The idea was kind of hot. I'm afraid I was not too impressed. I have read all of the Clans of the Kalquor books. So I'm not averse to some M/M but Golly Miss Molly.um.asset. Goodness sakes all of that action going on around Jeff or Maurice or Javier his alter egos. My favorite character I guess would be Chris. Once a month I turn into a f***** beast. I mean that's what I do. You're probably not seeing the downside yet. Fair enough. I'm sure Randy didn't see the downside either. That was the night it happened. Yes I'm a BIG perv. Come on.com/. Night of the Werecock (The Graves Delight #1) I'm. I'm. just speechless. That was one bizarre read.Ps. I would say it was OK. That's a 2 star rating according to goodreads. What's not to like when you have 5 guys in one room. 3.5 Stars. But then again I'm a perv so what do I know. I mean that's what I do.This is a story of a guy who got bitten.Once a night on a full moon he turns intoawere. This is more like a dream come true."It hurts." Understatement of the century there."Well of course it hurts. You could beat a man to death with that boner. I tell you that guy always has my back. "We gotta help him guys. We can't leave him like this. He's our bro. And he was all out of bubble gum."Here dude let me give you a break."You work the head." Chris wiped his mouth a little breathless. "Aiden follow me. Logan hold him down. "Come here. Take off your pants.".But my bros are thorough and very dedicated.But they really went the extra mile for me.As heavenly as their mouths felt it wasn't enough. I knew it wasn't going to be enough."F*ck." "You need to f*ck somebody?" Chris asked."Yes" I gasped."Do we have a condom big enough?" Caleb asked.He didn't have anything to hide or anything to fear. He wanted to split Aiden open with his c*ck. Well.In more ways than one.EPIC.things happen when I drink too much wine. What a funny little teaser this was. I say teaser cause it was only 13 pages in length. Let me see so there was a lot of m/m/m/m action. It's agry hard and causing Jeffrey a lot of pain
