

The Kind Of Life Its Been: A Memoir By Lloyd Robertson Lloyd Robertson Story

Description: HarperCollins Publishers | October 16 2012 | Hardcover | ISBN: 978-1-44340-861-5 For sixty years Lloyd Robertson lived his dream of working in broadcasting bringing us the major events of the day. **The Kind Of Life Its beenoxcodpc** His career is truly the story of Canada over the past half century as he told us about key events like the moon landing JFK's assassination Trudeaumania Terry Fox's run the Montreal Massacre 9/11 and the royal weddings. **The Kind Of Life Its beenmergkanker** In The Kind of Life It's Been Robertson shares the inside story and the insights he has gained over his long career from breaking into the business in his hometown of Stratford Ontario to joining the CBC to his highly public departure for CTV to his career as senior editor of CTV News. **Book The Kind Of Life Its been 84 years** Filled with fascinating and often hilarious anecdotes about Robertson's career this book captures the essential tales of our time and is a must for any Canadian interested in the inner workings of a frenetic newsroom. **The Kind Of Life Its beenutt decals** My Review: Who doesn't love Lloyd Robertson? Lloyd's memoir will fill you up and leave you feeling satisfied as if you've just sat down and finished a long well-deserved homemade turkey dinner. **The Kind Of Life Its beenstock care** I was somewhat surprised to learn of his mother's problems and his father's older age he certainly didn't have much of a childhood and I felt he was lonely a lot of the time but always managed to find himself something to do. **The Kind Of Life Its Been kindle books** The Kind of Life It's Been is a riveting story about a man who truly is Canada's voice! Lloyd is a man who is not only known and loved in Canada but around the world! Lloyd Robertson Interesting to get an inside look at broadcasting from someone who was so well known Lloyd Robertson This memoir made me melancholy; I could hear Lloyd Robertson's voice throughout and realized how much I have missed him on the nightly news; a true learned gentleman who really was fair and balanced in an age of journalism that's become anything but. **Book The Kind Of Life Its been a long** Robertson chronicles a career honed of hard work humility and effort and it's impossible not to admire a man whose commitment to his field spanned 40 years yet still offered him passion and a sense of being star-struck by his own opportunities; he frequently expresses gratitude at having been able to witness first hand the most earthshaking stories of the last many decades humble words that humanize this personality who has been larger than life for many Canadians' entire lifetimes. **Kindle The Kind Of Life Its been a year** A person of obvious integrity Lloyd has been a faithful spouse for more than 5 decades (to his high school sweetheart no less) and while this biography likely gave him every opportunity to throw lesser colleagues under the bus he never does. **The Kind Of Life Its Been pdf** Classy that and so are all his anecdotes particularly his gracious retellings of each 'Conversation With The Prime Minister' comprehensive vignettes that reveal not just the PMs' quirks but also the attributes that made / make each of them powerful and effective in their own right(s). **Kindle The Kind Of Life Its been so long** Though gentle in its approach and careful in its revealings Robertson's biography is in its own way also brave; coming from a generation where mental illness was whispered about (if spoken of at all) and skeletons kept firmly locked in closets Lloyd nonetheless reveals the reality of his mother's mental illness (and subsequent lobotomy) a procedure that robbed her personality and blunted every emotion—a harrowing exercise in abandonment via circumstance for a young Robertson who before and after his mother's procedure lived in an arena of paranoia irrationality and then vacancy—all creations of his mother's condition. **Book The Kind Of Life Its been 4 Stars** for this journey of a national icon and hero a current events scholar and proud Canadian whose love for this country truly shines off every page—and whose wise attitude on retirement was captured aptly by one well-crafted metaphor: "I couldn't suddenly hop off the treadmill that had been running at 140 kilometers for four decades—both legs would fracture" For any Canadian who's ever tuned into CTV News W5 or their excellent Olympic coverage this biography is well worth adding to your collection. **The Kind Of Life Its beenmerg** Lloyd Robertson Kind of a sweet memoir of a media icon but it was a little too self effacing - hard to believe he would have waited so long to retire if he was really that humble. **The Kind Of Life Its beenverified search** So interesting to read his perspective on major events how they were reported and how they affected Canada-- from the Kennedy assassination to the lunar

landing to 9/11-- he was there for it all. **The Kind Of Life Its Been ebook3000** From the early days at in the radio studio to his quick rise in the ranks of CBC's news wing (and the major issues there) through to his shocking exodus to rival CTV and his 35 years at the helm of that network. **Book The Kind Of Life Its beenverified** While I always love the nitty-gritty in a memoir the exhaustive details are usually best saved for politicians (and I say this with an 800+ page book on Walter Cronkite yet to read). **The Kind Of Life Its Been booked** Robertson uses just over three hundred pages to tell his story and highlights some of the key events in his journalistic lifetime while also shedding light on his departure from CBC in 1976. **Book The Kind Of Life Its beenverified** (I admit I was not yet born and it was not until recently that I knew he ever worked there!) Painting CBC executives and their unions in a fair but somewhat greedy light Robertson uses his book to explain his decisions and how that went on to affect the greater network news scene as a whole. **The Kind Of Life Its beenrichsport** Tossing names like Peter Jennings Knowlton Nash Peter Kent Walter Cronkite and Dan Rather around and actually having something substantial to say is truly the sign of a newsman with strong connections on both sides of the border and his opinions should be taken with more than a grain of salt. **The Kind Of Life Its beenutt decals** But he grew on me as a Canadian icon and for that all Canadians with a hint of interest in history and the news (and even some Americans who want to see what a classy news anchor is like. **The Kind Of Life Its Been booklet** The 11 pm time slot will never be the same again! Lloyd Robertson One would expect a pretty predictable memoir from Canada's steadiest and most trusted newsman over the past 50 years and that is what this book delivers. **The Kind Of Life Its beenverified search** His career is truly the story of Canada over the past half century as he told us about key events like the moon landing JFK's assassination Trudeaumania Terry Fox's run the Montreal Massacre 9/11 and the royal weddings. **The Kind Of Life Its Been kindle app** In The Kind of Life It's Been Robertson shares the inside story and the insights he has gained over his long career from breaking into the business in his hometown of Stratford Ontario to joining the CBC to his highly public departure for CTV to his career as senior editor of CTV News. **The Kind Of Life Its beenmergkanker** Filled with fascinating and often hilarious anecdotes about Robertson's career this book captures the essential tales of our time and is a must for any Canadian interested in the inner workings of a frenetic newsroom, **The Kind Of Life Its beenmerg** The longest-serving TV news anchor in Canadian history first on CBC and then on CTV Robertson remains one of the most accomplished journalists of our time. **The Kind Of Life Its beenz hauppauge** No one has been in broadcasting as long as our dear Lloyd and he has the credentials to prove it, **Book The Kind Of Life Its been 84 years** He was self-motivated from the word go and it's not at all surprising he became so very successful: **The Kind Of Life Its beentheredonethat trips** Lloyd Robertson A very enjoyable trip down memory lane with a man who worked in Canadian broadcasting during six consecutive decades, **The Kind Of Life Its beenweefsel** Was also very surprised to learn of how rough his childhood was, **The Kind Of Life Its Been booking** It's made me miss seeing him on tv at the end of every day. **The Kind Of Life Its beenz hauppauge** Lloyd Robertson This book is more a history of media than anything. **Book The Kind Of Life Its been a long** He talks about a lot of people I've never heard of throughout the book almost like he was afraid to leave anybody in his life out: **The Kind Of Life Its beens groep** He has some interesting stories but overall the book was mostly factual without a lot of emotion. **The Kind Of Life Its beenz hauppauge** Lloyd Robertson A refreshing look at a Canadian media icon for whom I have always had a great deal of respect: **EBook The Kind Of Life Its been so long** Robertson pens his memoirs in a thorough an exploratory fashion but does not use this portal as a 'tell-all' forum, **The Kind Of Life Its Been kindle app** He does quite honestly offer factual accounts of occurrences that happened to those around him both complementary and negative but does not browbeat his colleagues or competitors. **The Kind Of Life Its Been booklet** We see life in the media circus through the eyes of one of its own greats and see just how things have progressed over the years. **The Kind Of Life Its Been pdf editor** Robertson pulls no punches but weaves a story that will bring the reader closer to him and Canada as a whole: **The Kind Of Life Its beenose** I was never a committed viewer of CTV News nor did I follow Lloyd Robertson's

career closely, **The Kind Of Life Its beent** and what Nancy Grace will never be) should pick up this book and enjoy the ride: **The Kind Of Life Its beeny** As someone who was always intrigued by the radio and TV industry I enjoyed Robertson's anecdotes about his early days in radio and TV. **The Kind Of Life Its beenz hauppauge** He gives some interesting into the political workings of the CBC through his story of the big switch from CBC to CTV in 1976, **The Kind Of Life Its beenweefsel** He comes across as he always did on TV as a genuinely nice guy: **Book The Kind Of Life Its beenverified** And it struck me as I read that I had never considered whether Robertson's reporting was biased either to the left or the right, **The Kind Of Life Its beenn** I don't think I've ever read anyone accuse him of such either. **The Kind Of Life Its beenz hauppauge** He may unfortunately be the last of a dying breed of newsjournalists. **EBook The Kind Of Life Its been so long** Lloyd Robertson

For sixty years Lloyd Robertson appeared on Canadian television screens as a journalist and an anchor bringing us the major events of his day, **The Kind Of Life Its beenstock care** The longest-serving TV news anchor in Canadian history first on CBC and then on CTV Robertson remains one of the most accomplished journalists of our time[1]

Love the book a voice we all know very well. Lloyd Robertson Interesting and well-written.Kudos Mr. Robertson. Yet throughout he avoids badmouthing anyone. That says a lot for his integrity. An interesting book and a quick read. The Kind Of Life Its Been: A Memoir.
