Book King Solomons Temple in the Masonic traditional ira

King Solomons Temple in the Masonic Tradition While somewhat dated Alex Horne's King Solomon's Temple in the Masonic Tradition is still the best first source to explore for information on the origins of the legend of Solomon's Temple as it is used in the Craft and how that tradition squares with what we know about that temple from history/archaeology, **Book King Solomons Temple in the Masonic traditional** It has additional material regarding the Hiramic Legend which increases the usefulness of the volume. **King Solomons Temple in the Masonic Tradition kindle reader** Highly recommended!
