They still ache to be reconciled to them. Amrita puts a living soul into each of her character. Hindi Pinjar means a skeleton. A trap. A soul-less frame of what you once used to be. Women : when your ego was in shreds. Coming to Pinjar it was heartbreaking. It was about women and the partition. It was about lives made and lives destroyed. It was about the oppressor and the oppressed. It was about the grey side to every community. It was about love and hatred. It was about unity and chaos. A walking and breathing shadow dead on the inside. And that's when she stumbles upon other women like her. These lives are the most difficult and disturbing to read. An absolute masterpiece that should be read by all. I have only read Amrita's only this book. So i can't judge her other novels or books. Pinjar is a novel with intentional and emotional struggles. They are without a doubt are innocence and free to live. Long live the work of Amrita Pritam. Hindi
