Christmas is such a magical time of the year and so many prayers and wishes go with it. **The Lodge on Holly roadjet bus** Claus! Grown children learning that their Dad can miss their Mom and still love again! There is a lot of wishes and prayers full filled this Christmas season at The Lodge on Holly Road. **Book The Lodge on Holly road in san** Sit back with some hot chocolate and another wonderful book from Sheila Roberts! This book will be a movie some day soon! The Lodge on Holly Road (Life in Icicle Falls #6) Originally published at Reading RealityI pulled The Lodge on Holly Road out of the virtually towering TBR pile because I'm scheduled to review the 8th book in this series Christmas on Candy Cane Lane early in November. **The Lodge on Holly Road booklet** The first thing readers need to know about this series is that Icicle Falls is really Leavenworth Washington a small tourist town that really did change its look to make it seem like something out of an idealized Bavarian Forest. **The Lodge on Holly Road pdf book** And as he and his friends lament at the beginning of the story most women who visit Icicle Falls from Seattle or wherever live in those other places because they don't want to actually live in a small and sometimes remote place like Icicle Falls. **Book The Lodge on Holly road in san** One of the really sweet things in this story is that Olivia and James are pretty much perfect for each other and it is especially lovely to see their burgeoning romance take a chunk of the center stage in this multi-romance holiday treat. **Book The Lodge on Holly road nashville** It's also good that Brooke and Eric both have their own experiences with caretaking and jealousy and need to figure out what their places are in their parents' lives and what place they might find in each other's life as well. **The Lodge on Holly Road pdf** John believes that his big city girlfriend Holland will just love Icicle Falls the vacation he has meticulously planned and the engagement ring he plans to present to her on Christmas Eve. **The Lodge on Holly Road pdffiller** She's the first to admit that her choices in men have not been stellar but her children are the light of her life and she is doing her best to raise them with much more love and care than she received from her alcoholic mother. **The Lodge on Holly Road book review** It's pretty clear that she isn't collecting any child support and her wages and tips at the low-end beauty salon where she does hair isn't enough to make ends even wave at each other let alone meet. **The Lodge on Holly Road Literature fictionmanai last** But all the things that Missy likes about John including his steadiness and his desire to settle down in a small town just like Icicle Falls are all the things that his erstwhile fiance finds boring if not downright low-class. **The Lodge on Holly roadglen burnie** The Christmas miracle in this story is that everyone who comes to the Lodge on Holly Road this Christmas finds their happily ever after no matter how remote a prospect it seemed at the beginning. **The Lodge on Holly Road ebookey** While both of their children have issues seeing their living parents with someone other than their dead parents the fact is that 60 isn't dead and they both have plenty to give a new partner that doesn't take anything away from each of their happy first marriages or their relationships with their kids. **Book The Lodge on Holly road** Icicle Falls is always lovely and when John Truman's would-be fiance Holland finally gets there and acts like the whole place is beneath her we all know she's evil and he needs to find someone who will love him as he is. **The Lodge on Holly roadglen burnie** And when he finally figures out that he

was just Holland's "starter boyfriend" in a new city and that now that she knows her way around she's ready to trade him up for someone flashier we know he's WAY better off without her whether he gets the clue to start a relationship with Missy or not. **The Lodge on Holly Road pdf editor** While it is not necessary to have read the previous books in the series to enjoy The Lodge on Holly Road the ambiance of Icicle Falls provides a nice backdrop for this story. **The Lodge on Holly Road book series** We get to catch up with a few people that we've already met but those old favorites are a side note to a story that is all about the newbies in town and in the story. **The Lodge on Holly Road book series** Visitors to the Lodge are the recently widowed James (retired who has played Santa in the mall for years but is now somewhat of a Grinch) along with his two grown children Brooke and Dylan; another visitor is (single mother) Missy Monroe and her two children Carlos and Lalla; and lastly John Truman and his girlfriend Holland. **The Lodge on Holly Road booklet** A kidnapped Santa a single mom scrapping by and trying to give her two kids an awesome Christmas A young man planning a romantic get away for the girl he hopes to marry. **The Lodge on Holly Road Literature fictionmanai last** A single mother with two children a widowed man playing Santa with not much Christmas spirit and his two grown children two older ladies a couple celebrating by themselves and a young man hoping to plan the perfect holiday to pop the question to his girlfriend. **The Lodge on Holly Road book** The community is a perfect Christmas setting with Christmas lights ice skating rink horse drawn sleighs plenty of snow and quaint little shops with any gift you could ever want to buy but even in fiction life can through you curves. **Kindle The Lodge on Holly road nashville** And I loved that James who dressed as Santa to surprise the guests on Christmas Eve after dinner had the last name Claussen! Santa Claussen! Perfect!! Humor? You bet! Romance? Wouldn't be a true Sheila Roberts book without it! Really gets you in the Christmas spirit and an added bonus is some of Olivia's yummy recipes in the back! Would absolutely love another book with these fun characters included. **Book The Lodge on Holly road in st** They get to feeling like friends and you want to continue reading about what they are doing! The Lodge on Holly Road (Life in Icicle Falls two of them are a couple of friends Jane and Vera. **Book The Lodge on Holly road nashville** And Merry days are also ahead for a down and out hairdresser who just wants to give her two kids a great Christmas and who just may end up having her own Merry Christmas. **Book The Lodge on Holly road trip** For John and Holland the perfect couple may not be all that it's cut out to be but you have to read the book to find out more about them! So happy reading and enjoy this book and enjoy this series. **The Lodge on Holly Road booker** But sometimes the best gifts are the ones you don't expect! The Lodge on Holly Road (Life in Icicle Falls #6)With fifty books to her credit both fiction and non fiction Sheila Roberts is a frequent USA Today and Publishers Weekly bestseller and a fan favorite.

This is one of my all time favorite series. This is a town I would love to live in. This time she has just outdone herself. She turns him down and he is falling for Missy instead. He is already falling for her children Lalla and Carlos. If you love Christmas stories you must read this book. YOU will love it. I think this is my new favorite Sheila Robert's book. We rejoice to see Missy enjoying herself at the lodge.S. searching out the best ski resorts. Missy's problem is money. There's even a puppy and a grandma for Missy's kids. All the characters bring this story to life. There are several romances at

work here which totally fit. Of course with all of Ms. Roberts's books I loved this one. Yes there are several other colorful visitors to the Lodge. I was almost forbidden from playing Christmas Carols. Roberts's books. You are in for a treat!<http://www.sheilasplace.com/the-lodge>. In the interest of full disclosure I'm part of Ms. Roberts's street team and got this book for free. So heartwarming. The inn keeper Olivia and her two sons. It will show you that Christmas Dreams can come true. Looks like the makings of another awesome Christmas movie. There's plenty of curves in this novel. This is one series that I recommend to everyone. Well James Claussen but he is close enough to Santa. I get to visit my four favorite places in one book. SheilasPlace. Missy can't provide either one. What she'd like is an attractive dependable man. Of course not everything goes as planned. {site\_link}
