

Rescued by their Wife (Wings of Artemis, #2) By Rebecca Royce **Rescued by their wifeman** The story is MUCH bigger than this and you should have no issue with the storyline when you skip them in case you're not comfortable reading or if it's not your cup of tea. **Who rescued who or who rescued whom** When a crazed-woman wants to take control of the universe destroying all that defies her it's up to Melissa Alexander to retrieve her memories and save those she loves the most. **Stories of people being rescued** As the bonds of love tighten and the danger increases Melissa must find the strength to fight in a world that threatens to take everything she's ever loved or needed away from her. **Rescued by their wiferion** With so much on the line can the Rebel Princess be the savior they all need? Rescued by their Wife (Wings of Artemis #2)

Author of science fiction fantasy and the paranormal. **Rescued by their wiferion** With Cooper's help she meets up with her Aunt Jayne her father's sister and one who can fill in some of the holes in her memories at least until she can get her own back. **Rescued by their wifeman** Rescued by their Wife (Wings of Artemis #2) After reading Kidnapped by Her Husbands (Wings of Artemis #1) I just had to read the sequel to find out what happened! I wasn't disappointed. **Rescued by their wifeo** Rescued by their Wife (Wings of Artemis #2) ARCThe Second book of the Wings of Artemis series begins when Melissa must do everything she can to save her men from the person who kidnapped them. **Rescued by their wifemistress 1977** I enjoyed that Melissa had to get her memory restored but she did not turn out to be the old Melissa nor was she the memory whipped Melissa but a new Melissa who could draw on both versions of her. **People rescued in the bible** Olivia: Coopers sister Tyrant who wants to rule the universe drugged her soldiers and did not give a sh** what happened to the women she captured and took to her plant to be teated badly and to be raped. **Rescued by their wifeo site** Tara: Spy of Olivia planted to take care of Melissa Jackson is her son three of her husbands dies and two are with her finds Melissa her mother and Diana and took them in which was not a good deed but something Olivia arranged. **Rescued by their wiferion** Her Aunt tells her that her mother wants nukes that her father will find on earth and Melissa is the bargain chip because he wanted to take his daughter with him when his wife threw him out. **Story of being rescued** No one knew where her father was so why was the plan not to send the men to her father's ship and then she would follow there and then they all go thru the hole to Earth together? Simple easy and no good reason for the other plan along with having the guys nearby in case things went wrong. **Stories of people being rescued** The better play in all this would be that the hubbies were waiting near the black hole but g it captured and imprisoned and she had no idea if they were caught in the destroyed black hole which should have actually been a wormhole. **Rescued with love facebook** But say theoretically one produced the negative energy to remain open for long periods collapsing the entrance would collapse the whole wormhole and everything in it so the guys would be dead. **Who rescued who or who rescued whom** Why did it rock? Because mommie dearest made threats and Melissa just ignored them instead of locking her in a room like she should have! Idiot! So now this great ship can't hide from approaching enemy ship but all the shuttles that leave can hide and cloak just fine to run all over the place in different directions without having to worry about Ochoas powerful space fleet seeing them. **Rescued by their wifeo mon** Now spoiler ahead! So when they

get it the position to actually take control from the Nobles and set up a democratic system and stop the abuses what do they do? They let them take back control and run into the wilderness because who care about the millions they are condemning to death and misery. **Rescued by their wifem** WTF was the point of this whole story? What were their plans before when they fought the Nobles before they decided to walk away from humanity? I lost all respect for these guys and I am done with this series. I wanted to read more about the romance relationships between the heroine and her heroes, **Rescued by their wifenloof** Rescued doesn't focus on the husbands as much as the first book. **Rescued by their wifefo site** In case you're worried about Menage scenes: If you enjoy menage and have been waiting for this what I can say is: there's a couple of m/f/m scenes. **Rescued by their wifemistress 1977** I received an eARC of this book in exchange for an honest review: **People rescued in the bible** Rescued by their Wife (Wings of Artemis).

Who rescued who or who rescued whom

That he lied to her in other cases too. **Rescued by their wifefo mon** There she takes the keys from Wanda and goes to the Mind whipping machine, **Rescued by their wifemistress 1977** They go to the spaceship The Bridge and Melissa blackmails her mother into waking her husbands and handing them over. **Rescued by their wifefo connexion** When she get there she have the guys transported to Artemis and the ship is programmed to leave for the black whole: **Rescued by their wifefo** Aller her husband and her aunt are on their way to her father.

Rescued by their wifeman

Who is also trying to get to a save place. **People rescued in the bible** The weather is turning and they have to move to cabins in the mountains, **Story of being rescued** Before they leave Melissa feels a jolt from her wrist chip and she think it's dying: **Rescued by their wiferion** and Melissa is so happy when she hears that all of her husbands are here and looking for her, **Rescued by their wifem** One husband after the other joins the group and when they are all there: **Rescued by their wiferion** Geoff drugs everybody and carries them on the shuttles to Artemis. **Rescued by their wifemistress 1977** They wake up on Artemis and Melissa finds out that he brought everybody who was in her care. **Rescued by their wifenloof meme** They decide what to do next and come to the conclusion that there are two options: fight Olivia or go back trough the black hole. **Rescued by their wifenloof meme** They actually agreed to go to the earth.

Story of being rescued

Geoff and Cooper leave for Ochoa to plant wagons for Melissa and some bombs. **Rescued by their wiferion** Wes and Dane leave to round up doctors to help the drugged people who will suffer when they do not get any drugs: **Rescued by their wifemistress 1977** Melissa receives a smily face when she is in her cell on board of the space ship: **Rescued by their wifer** On the planet she sees the smily faces painted at different spots and she knows that her husbands are close: **Stories of people being rescued** When they get to the jail Tara and Melissa are going to get taken to Olivia, **Rescued by their wifemistress 1977** But first Melissa figures that a Weapon was placed in the restroom and she demands to go there and finds it. **Rescued by their wifefo mon** When they arrive at Olivia's house Tara reveals that she is working for Olivia and that she is going to kill Melissa because Olivia can't be harmed by her. **Rescued by their wifemistress 1977** But while they fight it out there is a shot and Tara is dead: **Rescued by their wifem** Turns out that she never killed her family but kept them in the basement.

Who rescued who or who rescued whom

A wife, **Rescued by their wifemistress 1977** At the end of Kidnapped By Her Husbands a very pregnant Mel has woken up alone after her surgery: **Rescued by their wifemistress** Her husbands have been taken by of all people her mother. **Rescued with love facebook** Now she has no choice but to get her memory back but she has to do it before she confronts her mother: **Rescued by their wifemistress** He is the missing part of her heart he is also the only one who knows why she left her ship Artemis to begin with, **Rescued by their wifemistress** A prince he has been watched constantly since Melissa was taken from the facility. **Rescued by their wifemistress connexion** The other husbands don't trust him and now Mel needs him to get away and meet her. **People rescued in the bible** They need a plan to get her memory back and the rest of her husbands too, **Story of being rescued** They also decided on a place for her to get her memory back before going to the Bridge to confront her mother. **People rescued in the bible** Every time I thought okay it's gonna be alright now well it wasn't: **Rescued by their wifemistress** From getting to know Cooper to meeting his sister to Mel's Aunt and her witchy mother: **Rescued by their wifemistress site** Oh and all those sexy as hell husbands who turn the heat up to high! **Rescued by their Wife (Wings of Artemis #2)** Pesky black hole This book picks up where book 1 ends. **Rescued by their wifemistress 1977** Years later after getting her mind wiped Melissa has to learn who she is now. **Rescued by their wifemistress** We also get to see the repercussions of Olivia's actions to take over the world: **Stories of people being rescued** I really liked the character of combined Melissa I think the author did a great job in mixing what we know of each distinct personality together. **Rescued by their wifemistress meme** Great plotting!!! I was so happy to see everyone finally got their HEA, **Rescued by their wifemistress** As she plots and plans to save them and get them away from her more danger is just around the corner and it will happen when she least expects it, **Rescued by their wifemistress connexion** This book starts off explosive and just goes from there! It has a huge twist in it that throws you for a loop and keeps you hooked till the very end, **Who rescued who or who rescued whom** I loved how Melissa handled everything and how she was a changed person from her old self and her new self: **Rescued by their wifemistress** I also loved how she fought for her daughter and did everything she could to make her safe. **Story of being rescued** This was a great sequel to the first book! The only disappointing thing to this book was the fact that this is the end: **Rescued by their wifemistress** The author did a great job of bringing in new friends and enemies in this awesome book and I look forward to more good reads from this author, **Rescued by their wifemistress 1977** **Rescued by their Wife (Wings of Artemis #2)** This is the second title in the Wings of Artemis series by Rebecca Royce I love her writing, **Rescued by their wifemistress 1977** It's not an option to read **Rescued by their Wife** without reading **Kidnapped By Her Husbands** first, **Who rescued who or who rescued whom** I'm a sucker for a good spicy sci-fi romance and this was it - without forgetting the adventure and word building experience: **Rescued by their wifemistress meme** This sequence is out of order but here's what you can expect: Artemis! Turn of events, **Who rescued who or who rescued whom** Obviously we get to know more about Melissa's mom; there's real #2) This book was hella boring: **Rescued by their wifemistress site** I really liked the first installment and I hoped for the same with this one, **Rescued by their wifemistress 1977** There was plenty of action and romance but for some reason I found myself having to push through the book, **Rescued by their wifemistress connexion** When the book went forward in time I kind of gave up: **Rescued by their wifemistress** I HATE when a book jumps forward years at a time (unless it is the epilogue) and because of that I couldn't enjoy the last half of the book: **Rescued by their wifemistress** I also had a few minor problems with the plot but I'm not going to go into that, **Rescued by their wifemistress site** I don't think I will be continuing the series but you never know: **Rescued by their wifemistress** **Rescued by their Wife (Wings of Artemis #2)** Pages: 234 My rating: 3: **Rescued with love facebook** I liked the ending of Melissa's story very much she will be in the other books too but there she will be a side character, **Rescued by their wifemistress** I also loved that the six persons who build the rh are all protective about each other, **Rescued by their**

wifemistress 1977 And the guy build a different relationship were closer to each other in their shared sadness and worked together as a team better than before. **Rescued by their wifemistress**

The Characters: Names and descriptions of the persons
Melissa Alexander: 21 years old was put in a rehabilitation centre and got her mind whipped, **Rescued by their wifemistress** She is part of the rebellion and has to find her path after the mind whip: **Rescued by their wifemistress** Geoffrey Mallory aka Geoff: play a guard in the rehabilitation facility finds Melissa and frees her. **Rescued by their wifemistress** Thought Melissa was dead and was heartbroken because he thought his wife is dead: **People rescued in the bible** He is angry because of losing her and he needs a long time to reconcile with Melissa, **Who rescued who or who rescued whom** Rita Alexander: Melissa's mother leader of the Rebellion cruel bitch commander of the bridge (spaceship). **Rescued by their wifemistress** Jayne: Melissa's aunt owner of the Brothel threw Melissa out after a disagreement. **Rescued by their wifemistress** Summery: detailed lot's of spoiler
Melissa's husbands are on board of her mother's ship and she managed to contact Cooper: **Who rescued who or who rescued whom** Melissa knows that she need to get her memory back but she does not know why her mum wants this, **Rescued by their wifemistress** But Rita kept Melissa and was only willing to give her back to him if he brings the nukes: **Rescued by their wifemistress** But her father gave Melissa the coordinates where to meet him so she had come to get the nukes: **People rescued in the bible** So Rita implanted the bomb in Melissa's heart to blow her father and his allies up and Melissa was still a bargain chip for her. **Rescued by their wifemistress 1977** Also Rita arranged a marriage between Melissa and three political allies who Melissa did not want to marry, **Rescued by their wifemistress** So her kidnapped husband are in danger of being killed so Melissa can be married off to the other guys, **Rescued by their wifemistress 1977** They need the coordinates and Melissa has to get her memory back: **Story of being rescued** They go to Ochoa because a prototype of the machine is there, **Rescued by their wifemistress** While Cooper checks out Ochoa Melissa calls her aunt and arranges her to meet them: **Stories of people being rescued** She leaves Artemis to see if Olivia Cooper's sister is still okay or if she wants to go with them, **Rescued by their wifemistress** It turns out that before her memory was wiped Melissa had met Olivia: **Rescued by their wifemistress** Melissa goes into labor and a lot of people on the ship lose their lives, **Stories of people being rescued** She attacks the planets takes the women and hoards them on Ochoa: **Rescued by their wifemistress** Melissa fled with her mother and daughter and meets Tara her two husbands (Leif and ?) and Jackson when the ship reveals itself: **Rescued by their wifemistress** Turns out that Rita did this and that she also wants to take out Melissa and Diana so they won't be taken to Ochoa and raped there: **Rescued by their wifemistress** So Melissa orders Nolan to take Diana and the other kids and the passengers and hide somewhere safe. **People rescued in the bible** comes and frees Melissa and the Nobels and he tells her that Cooper is talking to Olivia. **Rescued by their wifemistress** They listen in when Olivia tells Cooper that she wants to reign with him and that he can keep Melissa. **People rescued in the bible** But Cooper tells her he can't and that he has to kill her. **Rescued with love facebook** and Melissa enter the room and Melissa tells Cooper that he should not kill his sister she will do it and while they argue C: **Stories of people being rescued** Cooper's family try to take over and while they do Dane and the doctors try to help the people who were drugged and the women who were raped and treated badly. **Rescued by their wifemistress** But after a few weeks where everybody works hard they decide to move to a place where they can be okay as a family: **Stories of people being rescued** They board Artemis and cross the black hole and end up in the Milky Way, **Rescued by their wifemistress** 5 stars Rescued by their Wife (Wings of Artemis #2) Minus 5 stars I wish I could give a book minus 5 stars as this one deserves it. **Rescued by their wifemistress 1977** Did the same author write this? If sure doesn't read like it: **Rescued by their wifemistress** This one had Melissa making a really stupid plan that made absolutely no sense. **People rescued in the bible** So she plans to send her husband's to her father who is to take them through the black hole to Earth and she would follow later, **Who rescued who or who rescued whom** Of course that stupid plan has about a million and one things that could and of course do go wrong. **Rescued by their wifemistress** As soon as I heard that part of her plan I vehemently thought she was an idiot.

Rescued with love facebook So instead of a good plan going wrong we got a stupid plan go bad as it only could have been written to do, **Rescued by their wifer** Also why would the crazy chick nuke a black hole that goes nowhere as far as everyone knows? That made no sense, **Rescued by their wifenloof** Detonate a nuclear bomb inside a black hole and you only make it grow more massive: **Rescued by their wiferion** A black hole would crush a ship and escaping one would be almost impossible. **Stories of people being rescued** Of course the wormhole theory has its own issues where they collapse faster than you could even travel through them: **Rescued with love facebook** Pretty sure in all that upheaval Melissa could have been unable to be located for 5 years, **Story of being rescued** It drives me crazy when someone writes science fiction and doesn't even bother to learn the basics of space and travel through it even if it's only using theories. **Rescued by their wifemistress 1977** 15 minutes of Google research told me how impossible her whole space travel storyline was, **Rescued by their wifemo** So they finally all get together on their new powerfully upgraded ship and it rocks once and gives their position away. **Rescued by their wifem** So the whole premise of this story is how bad the Nobles are and the Nomads want to overthrow them. **Story of being rescued** I mean these guys commit large scale genocide on poor people: **Rescued by their wifem** They steal wives from husbands mind wipe them then sell them to the highest bidder! These people are corrupt and evil and their fight was a justified one. **Rescued by their wifemistress 1977** Are you frickin kidding me? They are each and every one the: **Rescued by their wifem** Waaayy I don't want to lead or take on that responsibility so yeah just give up our life's work and turn it all back over to the evil Nobles so they can carry on[1]

Big issues between them after the events on Kidnapped. A highly satisfying ending to the series. She leaves Ochoa with a nobles ship and goes to Masters. She hopes that Dane build a reverse button and he did. So she lies there to get her memories back. But she passes out and is out for a week. Cooper rescues her and takes her back to Artemis. They leave for winter camp. On their way to the camp they are found by C.J. Wes brought the ship though the black hole. Melissa will turn herself over to Olivia's soldiers. But Tara disobeys and joins Melissa in the Control Center. They turn themselves in. Olivia is the killer and she wants to talk to Melissa. A mother. A rebel. And now their savior. To do this she needs her sixth husband's help. Cooper is a virtual prisoner of his family. There are a lot of twists and turns in this one. I loved every single second of this read. Combining the rebel princess with the mind wiped Melissa. Rebecca Royce kept me guessing in Rescued by their Wife. I really enjoyed this one a lot. It was the perfect mix of both. Unexpected villain. Melissa? Chaos. A time jump. The characters were extremely dull in this book. The plot was horribly put together. Rescued by their Wife (Wings of Artemis #2) 2.5 Stars This book was disappointing. For some reason this book fell short for me. Frankly, it bored me. Wanda: Jailor in the rehabilitation facility. Cooper: He is a Noble prince and one of Melissas husbands. He lives on Ochoa at the moment. Rescued Melissa after a spaceship crash. Nolan Westbrook: bold tattooed husband of Melissa. He was her first husband. Dane Hartman: Talented Doctor. Was part of the invention of the mind whipping. He also worked on a machine to reverse the mind whip. He is Melissas husband. Wesley Darby aka Wes: unorganised guy and Melissas husband. Bond with her over her help with organising his things. Christopher James aka C. J.: Another husband of Melissa. Diana Mallory: Daughter of Melissa and Geoff. They meet up at Truest Space Station. They visit her aunt who runs a brothel on Truest. And she assumes when the Bridge is attacked by Olivia. Forward in time: 5 year later. Olivia nuked the black hole. And everybody else tries to stay off the grid. C.J. which is a jail. She puts Melissa into this jail too. C.J. But then C.J.J. shoots her. Rescued by their Wife (Wings of Artemis #2) 4. I loved the last book gave it 5 stars. I hated this one. It was one stupid awful thing after another. I was right. It was stupid and pointless from any point of view. Its what is called a poorly plotted Deus ex machina. Destroying a black holes entrance isn't really possible. That whole plot line should have been scrapped. Yep that makes no sense what so ever. Lastly is the straw that really ticked me off. They don't want to deal with the mess. most juvenile selfish idiots ever written. They all sound like whiny babies. There was not one thing to like about this one book.

It was disappointment after disappointment. Rescued by their Wife (Wings of Artemis #2).
