

Star Dreams (Magic Kitten, #3) By Sue Bentley **Star Dreams book** Sure she is auditioning for a dance school and that is pretty ordinary as far as plots go for books for little girls but the added conflict of Jemma being embarrassed about her family life gives the books a little more depth. **Star Dreams book** Childrens Young Adult Fantasy Note as of 08/28/21I read a lot of the books in this series as a child and I loved them! I'm thinking he's a bit fickle) so he should know the ropes a bit better. **Star Dreams bookworm** Flame is a white lion one day when he is older he will be king in his homeland but for now he must hide from his Uncle Ebony who wants to kill him and become king himself. **Star Dreams book** Jemma rescues Flame but then money is immediately a potential block because how will they afford his food?
