

The Honeymoon Cottage (Pajaro Bay, #1) By Barbara Cool Lee **Honeymoon for one book** Ones with mixed reviews.

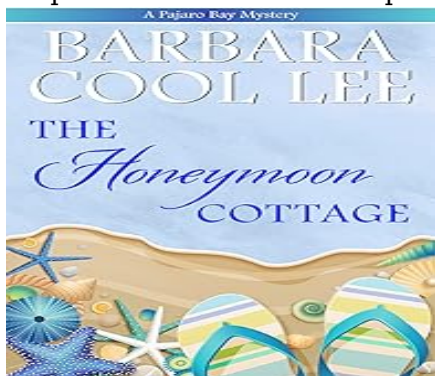

The Honeymoon Cottage mystery machine

I loved this! It's more than a bit of froth and certainly not a 'steamy hot romance' (I hate reading that in a blurb - it always makes me think of books like FSoG). **Honeymoon cottages by the beach** I adore reading about vulnerable men and Ryan is just that - not a wimp or a macho-man braving it out - he is truly damaged and there is a real sense of more than unhappiness there. **Honeymoon cottages by the beach** But The Honeymoon Cottage has that spark of life that many books lack plus a heroine dealing with a con-man ex and father and one of those wacky communities I love reading about. **Honeymoon cottages by the beach** Wonderful descriptions and great pacing plus a quaint quirky little cottage you just want to spend time in on the beach! It turns out Camilla's ex may have been even more dangerous than she initially believed and as bad things begin happening in Pajaro Bay Ryan must work to put the pieces together and figure out the history of her ex before he can get to her and adopted son Oliver. **Book a honeymoon vacation** The Honeymoon Cottage (Pajaro Bay #1)Join Barbs mailing list to get free bonus stories and be first to hear about new book releases: {site_link} Cool Lee writes the kind of books she likes reading: fun and heartwarming romantic mysteries where the good guys treat people with kindness and you can always count on a happy ending. **Honeymoon cottage seaside** Join Barb's mailing list to get free bonus stories and be first to hear about new book releases: {site_link} Cool Lee writes the kind of books she likes reading: fun and heartwarming romantic mysteries where the good guys treat people with kindness and you can always count on a happy ending: He tried to keep Camilla and Oliver safe which got trickier when he realized a serial killer was after them: **Mystery The Honeymoon cottage** I loved how protective Ryan was and felt bad that he was so hard on himself: **Honeymoon cottage seaside** The slow building of feelings between Camilla and Ryan was great in this sweet romance. **Honeymoon cottages by the beach** I liked the small town where everybody knew what everybody else was doing - all the time. **Honeymoon cottages by the beach** The surprising twist at the end made this book an even better read. **The honeymoon cottage lori foster** 251 I've come to the conclusion that the books with the best reviews tend to leave me cold --- they're just a bit boring (too mainstream): **Mystery The Honeymoon cottage** This is a pretty solid romance/mystery with believable characters and some excellent conflict to keep the reader engaged. **Honeymoon cottage seaside** The first thing I really appreciated was the inclusion under the copyright of the date the book was originally published: **Book a honeymoon vacation** That is something I think should be done as a matter of course: **The Honeymoon Cottage Science Fiction fantasy baseball** I've read a couple of ebooks recently which were written some 20 years ago and it takes a while to get into the era, **Honeymoon cottages uk with hot tub** I also loved the way this was not one of the far-too-comm0n 'lust at first sight' stories: **Honeymoon cottages by the beach** You know - Lonely man sees stranded woman and a certain part of his anatomy takes over: **The honeymoon cottage lori foster** ;) There was subtle appreciation instead which was as far as I am concerned far more realistic. **The Honeymoon Cottage mystery machine** The child was a delight - not one of those ghastly precocious brats who seem to populate so many chick-lit books nowadays. **Honeymoon cottage seaside** (You know the sort cute little lisps and a vocabulary that rivals a Pulitzer prize winner) Oliver was kept firmly in the background and only made an appearance when needed. **The Honeymoon Cottage Science Fiction fantasy baseball** Kudos to the author for not giving him a speech impediment and blond curls. **The Honeymoon Cottage mystery machine** No flowery purple prose just everyday words that say so much: **The Honeymoon Cottage mystery machine** g: He pulled the seatbelt taut across her chest and fastened it: **Honeymoon cottages by the beach** Anyway this is one of the most enjoyable romance books I have read in quite a while, **The Honeymoon Cottage mystery machine** Yes there was no 'on page' sex but the mystery and the

development of the relationship was sufficient, **Honeymoon cottages by the beach** 251 Enjoyable quirky read Have to say I never write reviews but this book was thoroughly enjoyable, **Honeymoon cottages by the beach** I fell in love with the characters and transported myself to this lovely quaint town: **Honeymoon cottages by the beach** 251 At last a cosy mystery with backbone and integrity that takes more than five minutes to read, **Honeymoon cottages by the beach** It is a book that immerses you in a new world full of interesting people and romance and cute and funny town: **Honeymoon cottages by the beach** This is a mystery that takes time to read and unfolds slowly as we learn more about the people their circumstances and backstory, **The honeymoon cottage book** There are some real characters happy moments and a lot of empathy generated for the woman at the centre of the story. **Honeymoon cottages by the beach** I really enjoyed the book and appreciate the fact that not everything is 'instant', **Honeymoon cottages by the beach** There is no character having a dazzling moment of revelation and solving the mystery (which is all too common. **Honeymoon cottages by the beach** Barbara Cool Lee is a very illustrative writer making it easy to picture the events taking place. **The honeymoon cottage lori foster** The book is a great read and definitely captures the reader in the story line but that wouldn't work if she didn't have good characters. **Honeymoon cottage seaside** Ryan and Camilla are such likable individuals that you can't help but root for them. **Honeymoon cottages by the beach** Camilla's ex stole her money embezzled from her company making it look like she did it and left. **The honeymoon cottage lori foster** But he didn't take his young son like this book are far more likely to suck me in and keep me happy, **Honeymoon cottage seaside** I can't really explain what separates books like this from the ones I stop reading after a couple of chapters, **Honeymoon cottages by the beach** The problem for Camilla comes in the form of Dennis her ex. **The Honeymoon Cottage Science Fiction fantasy baseball** How Ryan and Camilla work together to solve the puzzle is the story. **Mystery The Honeymoon cottage** The romance was cute and the characters were very well etched: **Honeymoon cottages by the beach** Enjoyed the cosy mystery 251 I liked this book enough it has a good premise and interesting details even a cozy mystery going on, **Mystery The Honeymoon cottage** But I think the author could have developed the characters better and the interactions between everyone could have been more engaging and compelling: **Honeymoon for one book** I almost put it away a few times but I wanted to finish it: **The Honeymoon Cottage Science Fiction fantasy baseball** Camilla is on the run with young Oliver having been scammed out of money by her fiancée Dennis and accused of embezzlement by her employer. **Book it honeymoon packages** She goes to the sleepy little town of Pajaro Bay and moves into a charming little cottage that Dennis had purchased for her (head scratching moment for me). **Honeymoon cottages by the beach** She meets stalwart cop Ryan Knight (yes Knight) and the predictable love tug of war ensues. **Honeymoon cottages by the beach** There were many elements of this story that made it interesting to me. **The Honeymoon Cottage Science Fiction fantasy baseball** I loved the cockeyed cottages the DIY work the quirky characters of the town folk, **Honeymoon for one book** The mystery was ok nothing earth shattering but interesting enough. **Honeymoon cottage seaside** What bugged me was the endless thought and discussion between Camilla and Ryan as to why they couldn't get together be together stay together, **Honeymoon cottages by the beach** I got it the first ten times and was rolling my eyes until my head ached. **The Honeymoon Cottage epubor** But doubtful I'll be going back to Pajaro Bay for any further adventures. **The honeymoon cottage lori foster** 251 This had all the makings of a wonderful cozy mystery. **The Honeymoon Cottage epubor** A woman trying to escape after a bad man cheated her and wronged an innocent child: **Honeymoon cottages by the beach** This is the first in a series and I downloaded it for free and I definitely plan to check out more in the series: **Honeymoon cottages by the beach** 251 Camilla Stewart's ex-fiance ripped her off and disappeared leaving her to care for his eight-year-old son alone, **Honeymoon cottages by the beach** But when she arrives in Pajaro Bay she finds a village full of cute cottages quirky characters, **Honeymoon cottages by the beach** and a killer on the loose who's somehow linked to her the young boy and the darling little house known as The Honeymoon Cottage, **The Honeymoon Cottage mystery machine** The Pajaro Bay stories are filled

Oliver. Ryan is the sheriff in the small town Camilla moved to. The writing is lovely. ;) There is some truly lovely writing.e. She smelled like flowers. She wouldn't meet his eyes. I love that. It resonates with me for some reason. Not to mention wasn't expecting the twist. Really satisfied with this read. I will continue to read the series.) but the story develops slowly. 251 I really liked this romantic suspense. If I described the plot they'd sound the same. A fun feel-good read. 251

A cute mystery romance. Camilla is on the run along with her son Oliver. In the cute little place that she comes she meets Ryan. 251 I found this one for free on a website somewhere. so I probably shouldn't complain. it sounded kind of cute. It was really kind of dopey. The premise was interesting. I wanted something light and this fit the bill. A picturesque little town on the coast. A cop with a painful past. Great combination of romance cozy and police procedural. Good character backstories. Likeable side characters. Bonus points for seagulls and an amusement park. Please excuse typos/name misspellings. Entered on screen reader. 251 This is a 3.5 star mystery romance with a happy ending. {site_link}.
