

When Night Breaks (Kingdom of Cards, #2) By Janella Angeles **When Night Breaks pdf24**

Obviously that was going to be a big point of conflict and drama after the ending of the first book but the romance and their relationship was something that really pulled me into the series so I wish this book had featured that more. **Breaking night book summary** Overall this was a really satisfying duology and although I enjoyed the first book more.

Janella Angeles is a Filipino American author who got her start in writing through consuming glorious amounts of fanfiction at a young age—which eventually led to penning a few of her own and later on creating original stories from her imagination. **When Night Breaks epub reader** Together they must navigate a dazzling world where mirrors show memories and illusions shadow every corner one ruled by a powerful game master who could all too easily destroy the world she left behind -- and the boy she can't seem to forget. **When Night Breaks epub air** Martin's press for allowing me to read an arc of this book in exchange for an honest review! Using magic is the pull but forcing it on others is the push so push first. **PDF When Night breakstone** Not only to be captivated once again by the magical beautiful and intriguing world Janella created but also to find out what happened when Kallia got sucked into that mirror--and how Demarco was going to find her! I felt like the book started out a bit slow and the plot twist surrounding one of the characters was a bit predictable but this book did not disappoint in any way. **Excerpt from breaking night** New characters with some plot twists old characters you thought you hated but realized you may not hate them so much beautiful reunions sacrifices higher stakes all mixed together to create a captivating and satisfying conclusion. **Kindle When Night breakstone** The longer you are in the mirror world the more reality slips away replaced by irresistible pleasantries created by the ever present illusions of the Lord and dealer of the mirror world Roth. **When Night breaksea** I didn't have the highest hopes for this because after the first book ended all I could think was that it would've made a brilliant standalone and could've even been one of those cycle-type books where it ends on a cliffhanger that leaves you reeling but also leaves you guessing in the best way and subconsciously you don't want a sequel because you're actually happy with how it ended on a shocking note. **Kindle When Night breakside brewery** (I just feel the need to drop in and say it honestly makes me sad sometimes when I really only have negative things to say about books especially after reading the Acknowledgments and understanding how difficult the book was to write for the author...It makes me sad but also I have to be honest I guess?) Okay let's do good first. **When Night Breaks pdf converter** Especially when you consider the first book the plot in this literally seemed like a Walmart version of the first; which is so sad because the first felt really interesting at times but this was just: no. **When Night Breaks pdf merger** To me at least I thought that no message was actually portrayed no event that happened actually seemed like it happened? And there were time-skips of sorts where things would just kind of abruptly end and I'd be like um and...? Nothing really made sense and everything felt rushed even though the book felt incredibly long and slow. **Night broken read online** When Night Breaks literally just answered all those questions that were left unanswered in Where Dreams Descend but where was the oomph! It was just plain old sitting and q and a...It reminded me in a way of The Crown of Gilded Bones which if we know me we all know I truly despise and wish I could get that part of my life back. **Breaking night book summary** It really just felt like a convenient thing but I was hoping When Night Breaks would fix that issue and just make me ship them like crazy; and yet it did the exact opposite. **PDF When Night breakstone** ☐ Hence I truly can't make myself recommend this book to anyone...But if you don't mind starting and never finished series then definitely consider reading Where Dreams Descend and maybe ignore the last few chapters. **EBook When Night breakside 5** ☐ This sequel felt very different from its predecessor but I still enjoyed it! One thing I loved about Where Dreams Descend was the competition aspect and while this book didn't have that as a plot point it still felt

fast-paced and took on a bit more of an adventurous plot. **Breaking night book summary** Thank you to NetGalley Wednesday Books and the author for providing me with a copy of this book in exchange for an honest review! English This reading experience could easily be swept under the slumpy and miserable rug -- so as always take this with a grain of salt -- but equally I know a really good engaging book which I fully expected this to be could've pulled me out of that. **When night breaks janella angeles** And it felt like a long book because it didn't feel like anything was happening; there's so much uncertainty in light of how book one ended and we get even more things teased and tantalized and held just out of reach for so much of this book that by the time things actually started being explained or started to happen I just didn't care. **When Night Breaks pdf24** Her scenes with Demarco were cute yes but leaving Eva missing would have left some mystery and interest especially with Demarco's background) plot-This is where my biggest problem probably was. **Breaking night book summary** Demarco's POV felt really bland in comparison mostly because it was made all about finding Kallia and not really anything else but once his setting changed in the second half I found it just as nice to read about. **Kindle When Night breakside** I am so very impressed with this author for the duology especially since it's her first series! Angeles needs much more hype everywhere in my opinion and deserves it ten fold for the stories she has written here. **When Night Breaks epub** world-building-Another one of my favorites! The world-building is wonderfully done! This world is if you mixed Caraval and Kingdom of the Wicked; the dark beauty of Kingdom of the Wicked with the carnival-like magic of Caraval. **Kindle When Night breaks va** Yes I will admit that most of the world building I had forgotten and it did take some time for me to figure out the logistics of how it works but the world is just as beautiful in this book as it was in the first book. **Kindle When Night breaks va** I actually think I preferred this book's world building more than the first book's because the underworld and the alternate world thing was very cool like with Alastor's club-type setting and like with Jack. **Breaking night book summary** The cover?! Beautiful ☺☺And the synopsis?! I am actually screaming Anyways if Jack dies or any harms comes to him I am rioting☺☺☺Where Dreams Descend ☺ ☺ ☺ ☺ English When Night Breaks is an intense and immersive conclusion to the Kingdom of Card duology! The story picks up where Where Dreams Descend left off with Kallia and Jack in a world beyond the mirror they fell through. **When Night Breaks kindle direct** I thought I'd be disappointed that some of my favorite minor characters from the first book didn't have bigger roles in this book (they're in the book just not a ton) but the new characters made up for it. **When Night breakshots** His journey to find out more about Glorian its history and its connection to Kallia's disappearance is so intriguing and Demarco quickly learns that there are some secrets that powerful people don't want revealed.

There was really great and immersive world building that took was included, **When Night Breaks pdf24** The reader gets introduced to a whole new world that was really interesting and captivating, **When Night Breaks kindle paperwhite** Along with this new world came new characters like Vain and Herald who I really enjoyed. **EBook When Night breakside** The supporting characters were so great and I think one of the high points of this book was Jack's character arc: **When Night Breaks kindle reader** He might be one of my favorite characters now and I never would've guessed that after Where Dreams Descend. **PDF When Night breaks interstate** I enjoyed the alternating POV between Kallia and Daron and it was definitely helpful to see the juxtaposition between the worlds they were separated between. **Breaking night book summary** I wish that Kallia and Daron weren't separated for so much of the book: **EBook When Night breaks va** A lifelong lover of books she's lucky enough to be working in the business of publishing them on top of writing them: **When Night Breaks epub** She currently resides in Massachusetts where she's most likely to be found listening to musicals on repeat and daydreaming too much for her own good, **When Night Breaks epub** She is represented by Thao Le of the Sandra Dijkstra Literary Agency: **PDF When Night**

breakside brewery WHERE DREAMS DESCEND Book 1 in her debut fantasy Kingdom of Cards duology will be out June 2 2020 from Wednesday Books: **Kindle When Night breakside** The competition has come to a disastrous end and Daron Demarco's fall from grace is now front page news: **Kindle When Night breakside brewery** But little matters to him beyond Kallia the contestant he fell for who is now lost to this world and in the hands of a dangerous magician. **When Night breakset** Even if it means embarking on a dark and treacherous journey risking more than just his life with no promise of return. **When Night Breaks epubs** Especially with Jack by her side the magician with who has the answers but cannot be trusted: **When Night Breaks epub reader** With time running out Kallia must embrace her role in a darker destiny or lose everyone she loves forever, **Kindle When Night breakstone** When Night Breaks (Kingdom of Cards #2) Thank you to the publishers at St: **Breaking night book summary** After that jaw dropping cliffhanger in Where Dreams Descend couldn't wait to read this book. **PDF When Night breakside** This I truly one of my favorite series and I am excited to read more of this author's work in the future! Full review to come closer to the publication date, **Breaking night book summary** 4/5 ⭐'s English this is a good sequel and apt conclusion to the duology but sadly i didnt enjoy it as much as 'where dreams descend, **When Night breaksea cod** the reader is introduced to a darker yet somewhat familiar world with new characters and the mysterious secrets of old ones: **When Night Breaks pdf merger** theres a lot of new content to enjoy and i think readers who were super invested in what happened to kallia jack daron and eva will find this installment engaging: **When Night breaksea** however its missing the two major components that made me fall in love with the series in the first place: **When Night Breaks pdf drive** they are separated this entire sequel up until the 75% mark. **When Night Breaks pdf converter** i loved their tension and romance in the first book and didnt quite enjoy them on their own as much as i did when they are together, **EBook When Night breakside** i loved the atmosphere it created in 'where dreams descend, **EBook When Night breakside** ' and while this sequel obviously has magic it doesnt take center stage in the same way it did in the first book: **When Night breaksea** again im happy with this conclusion and find it suits the overall story but i didnt personally love it as much as the storys beginning, **Breaking night book summary** martins press/wednesday books for the ARC! → 3 stars English YAYY I GOT AN ARC. **Kindle When Night breakside brewery** excited to see how this ends Thank you Wednesday Books for sending me an ARC via Netgalley in exchange for an honest review! _____ Sept. **EBook When Night breakside** AND it comes out 2021!!!! I don't think I'm going to survive this: **Book covered with night** English Kallia entered a world of mirrors filled with exceptional magicians drunk on revelry cruelty and illusions: **When Night Breaks pdf drive** Roth believed Kallia was the way out of the false world he's been trapped in and will stop at nothing to break free, **Breaking night book summary** Roth breaking free is bad news not only in the mirror world but to the true world. **Breaking night book summary** It is up to Kallia Jack Daron Eva and her crew to find a way and face the impossible magician who has sold his soul to the devils, **PDF When Night breakside brewery** It was an interesting read and probably a reflection of the fame associated with today's show business. **When Night Breaks kindle direct** 5 s t a r s My Book Blog — Apollo Approved Thank you St, **Break in a new book** Martin's Press for sending me an ARC via Netgalley in exchange for an honest review! Review You know: **When Night Breaks epubublishing** (*cough* The Burning God *cough* If We Were Villains *cough*) That's just my take but I'm sure many do and will feel the same. **EBook When Night breakside** I like that he got to see his character develop almost in a way that wasn't possible in the first, **PDF When Night breakside brewery** I liked feeling like Kallia was justified in her like of him and that it wasn't bordering on Stockholm Syndrome like it did in the first, **EBook When Night breakside** They were the trio that was missing in the first book for real, **PDF When Night breakside brewery** (I do think the author mixed up Ruthless and Malice a few times though hopefully that's fixed in the first edition since I guess this is less edited because it's an ARC, **Breaking night book summary** It's not original by any means but it was written quite well and the world itself was nice too, **When Night Breaks epubs air** (I'm upset I can't think of a single thing else to say about liking it uGH. **When Night Breaks pdf converter** I swear everything that

happened seemed like it happened at least twice, **When Night Breaks pdf24** Every show felt the same the duels kept happening the random conversations and moments were no different than past ones, **Kindle When Night breakstone** Along with repetition I truly just felt the book was confusing: **PDF When Night breakside** Where Dreams Descend admittedly ended with a lot but all in all it had so much intrigue that it didn't matter, **Break in a new book** In the first book I already didn't love Kallia and Demarco's relationship and honestly felt like the chemistry that could've been possible wasn't there at all: **Excerpt from breaking night** Using magic is the pull but forcing it on others is the push so push first: **When Night Breaks epub air** As with the first book I had a fun time reading this fantastical and magical book. **PDF When Night breakstone** And this was one of my most anticipated reads of the year because I had enjoyed book one so much, **Breaking night book summary** Was that the fluke? Apparently I was in a slump during that read too but I persevered and managed to enjoy it nonetheless, **Breaking night book summary** Therefore should any of this current disappointment be blamed on yet another slump? Who knows: **EBook When Night breaks va** What made so much of this harder to bear too was Kallia our main protagonist was just so. **Kindle When Night breakstone** unlikeable? Insufferable? I did not remember her to be this way at all in book one, **Break in a new book** I couldn't even lose myself in her or any character when the plot was bogging me down. **Kindle When Night breakside brewery** That said if you enjoyed book one the magic the competition the romance you'll get most of that again in this follow up but in a different way: **When Night Breaks epubublishing** I hope if you are likewise holding your breath for this instalment it works better for you than it did for me, **When Night Breaks epub air**

****** I received an ARC from NetGalley and the publisher (thank you!) in exchange for an honest review, **Breaking night book summary** ******---This review can also be found at A Take From Two Cities. **When Night breakset** But it's so beautifully written and the world building is stunning among others, **When Night Breaks pdf merger** It was hard at times to get through some of the plot but I did overall have a good time reading it despite it taking me forever to read, **When Night Breaks epub** I am a Jack simp though ☹️ that man deserves everything my favorite character hands down, **PDF When Night breakstone** Firstly keep in mind that my memory is very spotty because I read the first book around August of 2020. **When night breaks janella angeles** I have read something like nearly 100 books since then ☹️ so at my discretion i probably should have reread the first book to get a fresher on... well everything: **When Night Breaks kindle reader** (for reference i remembered nearly nothing about the first book before reading this and i sort of want to reread the entire duology to get a better idea of how i like it). **When Night Breaks epub reader** When Night Breaks follows Kallia and Demarco again as we follow their story: **Day for night book** Demarco is now a disgraced magician who pretty much everyone hates now (because they think he's responsible for the events of the ballroom). **When Night Breaks pdf merger** On the other hand Demarco's just trying to save Kallia from the same fate his sister endured by looking for her day and night to no avail, **Kindle When Night breakstone** Armed with one of her greatest enemies possible ally Jack she has to traverse a new world without being murdered and/or ruining her own world: **Breaking night book summary** It's looking pretty grim for her and Demarco and if they want to save themselves and the world they must find their way back to each other before it's too late. **PDF When Night breakside brewery** I love how bold and confident she is but kind and caring. **Breaking night book summary** She plays her part very well both in the book and as a main character: i may not have agreed with her decisions at times but i find her an excellently-written protagonist. **What is the book night** Demarco>/b>- it's not that I don't like Demarco it's just that i found him a little annoying at times, **When Night breakshop online** I did understand where he came from in his reasoning but his character (something i somewhat remember) was reduced to all about Kallia. **Kindle When Night breakstone** I wanted more of his own personality more of the intriguing character we saw in Where Dreams Descend. **Kindle When Night breakside brewery** I love all three main characters very much but there's something about this man: **Excerpt from breaking night** I was disappointed with how there was so much buildup for his character especially with Kallia just for that ending: **Day for night book** I saw it coming but that's one of the reasons i

wished the ending was different, **How does the book night end** I liked her as Vain but her revelation felt not that great: **Kindle When Night breakside** (SPOILER: I think the author should have left Eva missing and not bring her back, **When Night breaksea cod** See I can't remember much about the first book's plot □ but I remember it being interesting and not boring: **Breaking night book summary** The first half was really what made me take the most time in reading. **EBook When Night breakside brewery** It was hard to get through because everything felt repetitive. **Book weekend break nice** It wasn't interesting and could have been way shorter in my opinion: **When Night Breaks kindle paperwhite** But in the second half I found the plot to be quite amazing frankly: **When Night Breaks kindle reader** From Demarco and Kallia reuniting to the climax I was entertained: **EBook When Night breakside brewery** Truly in the first half the only part I had a real problem with was Demarco's POV because I found Kallia's POV to be really exciting to read. **When Night Breaks epub**s I found the ending to be a little rushed though in its finale and I wish it would have been a little better. **Kindle When Night breakside** I didn't like how it ended for a couple characters and how it ended for the world but it wasn't too horrible that i boycott the entire book for it: **When Night breaksea** I just wished for something grander I suppose after all the grandeur of the duology: **When Night Breaks kindle paperwhite** Overall I think the second half made up for the first half which is why I'm giving it such a high rating, **When Night breakshugh** The plot twists were predictable but also unpredictable in a way? The author put a nice spin on the story that was actually pretty different from the first book: **When Night Breaks pdf merger** It makes the story and world so much more magical than it already is. **EBook When Night breakside** Angeles really has a way with words; while the book in the beginning was more lengthy than i think it should have been the writing was so pretty to read, **PDF When Night breakstone** Overall the descriptions were one of the things that made this book even better and one of the defining features. **When Night Breaks pdf24** But this series has something of its own in the world-building department, **When Night breakshugh** The world magic and setting are one of highlights of this book and series for me and is one of the more compelling elements in this book. **When Night Breaks epub**s overall-(one more thing: i think the chemistry between kallia and jack was way better than with kallia and demarco in this one: **Break in a new book** it was the opposite in the first book but i like the parallels and i'm always in for a good love triangle □ the romance is amazing in this book in my opinion, **When Night Breaks kindle paperwhite** it's everything i want from a romance) There were definitely things I didn't love about this book but I think the good trumps the bad by quite a lot. **When Night breakshop online** Again super impressed with most of this book besides a few minor things and I think everyone should give this series and author a try, **When Night Breaks pdf merger** It's very well written especially with the characters and world-building among others and is a very underrated series, **When Night breakset** If you enjoy YA fantasy then you should read this book! I'm overall very happy with this sequel: **When Night breakshop** I cannot say if i liked this book more or if i liked the first book more but rest assured: this duology has become one of my all time favorites! READ THIS SERIES, **PDF When Night breaks interstate** 5 stars! English The title is amazing and matches the first one, **When Night Breaks epub**s air An alternate version of Glorian Kallia and Jack face stakes that if possible are even higher than the first book. **When Night breaksea** In the meantime Demarco remains in Glorian frantically searching for any clues to Kallia's whereabouts as Kallia tries to survive in her new surroundings and find a way home. **When Night Breaks kindle direct** I love the author's writing style and how quickly the story pulls you in. **When Night Breaks pdf converter** This is a unique world of magic wonder and danger and the shows the magic and the fanfare are dazzling vividly described and easy to imagine. **When night breaks janella angeles** Everything is larger than life and glamorous and heightened but nothing is as it seems: **When Night Breaks pdf drive** This concept of illusion versus reality is fascinatingly explored throughout the story especially considering how much these lines blur: **When Night Breaks kindle reader** Kallia can't trust anything or anyone even the man she came through the mirror with: **EBook When Night breaks va** I love that Jack's character was expanded on in this book because I was so intrigued by him in the first book: **Excerpt from breaking night** Why does

he try to confine Kallia? Is he good or bad? What are his true motives? This book delves more into his past his connection to Kallia his motives and more: **EBook When Night breakside brewery** I like that he is so morally grey and you never know if you should love or loathe him (though I admit I LOVE him!!): **When Night Breaks kindle reader** Kallia is a great protagonist and she goes through so much in this duology: **Summary of breaking night** I love her strength and grit and the way she faces her troubles head-on: **When Night Breaks pdf drive** Kallia is a survivor and she is sharp astute and a bit cunning, **EBook When Night breaks va** These traits come in handy in this alternate world where competition is fierce and deadly magic is incomparable and deception is at an all-time high: **Book weekend break nice** Her character arc is so well done and I enjoyed her growth throughout the duology. **EBook When Night breakside** We are introduced to many new characters in this alternate world each mysterious and full of secrets. **When Night Breaks kindle reader** Kallia and Jack meet some intriguing people in the alternate Glorian and I enjoyed learning more about them how they got there and their roles in the story: **When Night breaksea boats** Happily has a large role in the story even though he is not with Kallia. **When Night Breaks epub air** The story switches from Kallia to Demarco's experiences so you learn a lot about what happens after the debacle in Glorian, **PDF When Night breakstone** Demarco who is still in Glorian is relentless in his search for Kallia and I love that he never gives up on her: **PDF When Night breakside** Demarco's journey is dangerous but his love for Kallia fuels him: **Kindle When Night breakside** Finally I want to mention the author's skillful use of symbols imagery and foreshadowing throughout the book all of which add to the suspense and intrigue, **When Night Breaks pdf24** Mirrors in particular are a strong symbol in the duology and the imagery brings the setting alive. **EBook When Night breaks va** If I were still an English teacher I would totally use passages of this book to teach these literary elements and show how much they add to the story, **PDF When Night breaks interstate** I'm so thankful to NetGalley and Wednesday books for giving me an advanced copy of the book in exchange for my honest review. **EBook When Night breaks va** This was one of my most anticipated reads of the year and I really enjoyed it. Daron is willing to do whatever it takes to find her. After awaking in darkness Kallia has never felt more lost.'this picks up right where the first book leaves off. first the connection between daron and kallia. and second the magical competition.thank you st.9 2020:The—THE COVERThe—THE SYNOPSISMe— Feb.12 2020:Another book that ends in a cliffhanger. That was of little concern to him though. He will have his way no matter the cost. I enjoyed it. 3 stars. English ½ // 1. I liked that Jacks was in this more than the first.I loved Vain and Ruthless and Malice.)Also can't deny that I loved the magic of the world.)The repetitiveness straight up killed me.Another thing I disliked was the questions.The romance was also so iffy. Everything he taught her to keep him out of her head.Read.If You Liked. • Ace of Shades • Incendiary English 3. And instead.This is a long book. What even is enjoyment. And yes her circumstances have changed but. yikes. Overall this just didn't win for me and I'm bummed. English I am... very conflicted about this book.Did I love the ending? Probably not.Kallia doesn't know where she is. characters-Kallia- I LOVE Kallia.Jack- I LOVE JACK SO MUCH. He deserved so much better.Vain- Can I be honest? I hated Vain a lot. I found the first half of this book to be so boring. writing-The writing in this book and duology is stunning. Beautiful to read some of my favorite writing out there.It's so magical to read about. The writing makes it even better. The positives outweigh the negatives in any case.The story is captivating and immersive and so vivid. His story is fantastic as is Kallia's. English
