Robert Lawrence Stine known as R. L.R. L. His other Robert Lawrence Stine known as R. L.R. L. He lives in New York NY. I've never read any of the SlappyWorld series before. In a word it's FUN. (All in a kid friendly way of course. It's the junk food of books and it's fabulous. I liked the audio. Slappy has a very creepy voice. The story was ridiculous but highly enjoyable. I don't get it. Stine is capable of much better than this. No twist ending as is common in the original series. It's not your typical Goosebumps story in many ways. Repeating the words puts him back to sleep.This review can also be found on YABC: <http://www.yabookscentral.com/kidsfic>. I love that you never get bored with these stories. Fun until the final sentence. There's not much of a plot nonexistent character development. but we get to see the DUMMY fight the MUMMY.And was it a good time? It sure was.2.L. We pick up the story in Cairo Egypt where Dr. Maybe he can learn to perform using the dummy. He can always use new items for his museum.L. There will always be demand for R.L. Stine's work.The narration is slightly different this time around. I like way Mr. Think Alien VS. Predator
