

Queen of the Underworld (Tales of Olympus, #3) By Lee Savino **Queen of underworld book** Cora Ubeli the innocent as they portrayed her the entire series ran from her mobster husband after seeing her husband brutally killed AJ a rival who worked for the Titan's and who kidnapped her and threaten their livelihood. **The queen of the underworld** " English Trying to find a way to write how I feel about books lately hasn't been my kind of thing but I know when I decide on reviewing I will write on how I think of said books. **Queen of the Underworld fantasy** The second thing is when did Cora grow balls they played up the entire series how young and innocent she was yes she was from a mob family herself rivals of her husband but she lived on a farm all her life. **Queen of the underworldking** In book 1 I chalked it up to naïveté in book 2 I was giving her a pass because well she was foolishly in love and wanted to learn her way around the big city slut and. **Queen of the underworldjs** com!Join the Goddess Group on Facebook for tons of fun stuff: {site_link} {site_link} The King of the Underworld saved me from the streets Treated me like a princess And locked me in a tower. **Queen of the underworldking** This is my point about Cora not being the right h type for dark mafia...she left Marcus because he killed AJ who had just killed her friend Iris and tried to kill her and Marcus!?!? On top of that she's TSTL takes pills from people puts herself in dangerous situations...I suspect she's going to go all CRAZY at the end to you know... become the Queen of the Underworld but by that time we'll be almost 3 books in of her being stupid/silly and that shit will be unbelievable. **Queen of underworld series** If you haven't read any of these start with Innocence but I found the characters in this series are likeable and here I go the age gap ♀ is what disappoints me sometimes like personally you're a little to young or he's to old for her ♀ but if the story is readable you'll have to just go with it and gloss over her age. **Queen of the underworld book** Queen of the Underworld is where everything unravelled and gurl can I say the shock of it all you'll never know and yep it's series that I totally enjoyed and all I wanted was for Cora to really grow a backbone and did I love her in the end. **Queen of underworld mythology** English It's two days after finishing this one and I'm still disappointed three books by the same couple and for what? for this seriously? fuck I don't even know where to start but here it goes. **Queen of the underworld long** Sharo is the most sensible and interesting character in the trilogy and the one I like the most probably because the poor man has no more than three complete lines in the whole story. **Queen of the underworld long ma** However having said that who the hell are you and what did you do with the real Marcus? his conduct towards Cora well let's say I find it hard to believe that a Capo with his power and reputation allows his wife to leave him in the middle of the night and he willingly does nothing,

I really enjoyed the series but the ending through me off, **Queen of the underworld rj kane** Cora decided she could not take the life style and started to build her own life, **Queen of the underworldking** Cora moved in with her friends Olivia and Anna the girl she saved, **The queen of the underworld** However what was so unbelievable is the dominate alpha/mob boss of the underworld allowed her, **Queen of the underworld costume** With how he took her.

But here we are in book 3. **Queen of the underworld long may she reign** I've got nothing and I officially have to say she's got to be the dumbest person ever even if she did get braver. **Queen of underworld mythology** Even I'm fed up with her stupidity and I was charmed by her innocence for a while but I mostly wanted to ring her neck, **Queen of the underworld animatronic** This was so over the top by the ending that I just couldn't help but to just enjoy the ride of this ridiculousness, **Queen of the underworld greek** " But seriously what happened to Marcus? What we get from this book is Marcus overwhelming love and devotion to Cora and Cora finally growing a backbone (not brain cells though): **Queen of the underworld rj kane** He was once this hard intense crime boss

that controlled every aspect and now. **Queen of underworld book** The two authors did a fantastic job with the storyline and all the characters: **EPub Queen of the underworld awakening** Like right now this review will be based on all three books: **Kindle Queen of the underworld** I went into this series of course based on the blurbs but sometimes you know it's either yay or nay.

2. **Queen of the underworldk book 5** Slightly disappointed stars This series started out with a bang and it slowly turned into something I didn't like reading. **Queen of the Underworld epub.pub** My main problem with the last book of the series was the way it was told, **Queen of the underworldking** You know where one of the characters either the Hero or Heroine holds a secret from the other: **Queen of the underworld long** Almost ALL problems could be solved had they just had a conversation, **Queen of the underworld 1991** These storylines are easy typical and a cop-out in my opinion: **King and queen of the underworld** With that said I needed to finish the series because my OCD brain couldn't handle it, **Queen of the Underworld suspense thriller** I felt like where the book ended was where the book should have sort of began in the first place: **Queen of the underworldjoy** The entire second book was Cora and Marcus fighting I thought the 3rd of the book would resolve that: **King and queen of the underworld** Cora was still fighting Marcus and when you finally understand her reasoning I was like REALLY?!It's hard to write a smutty book with a good storyline: **Queen of the underworld coach** I also wouldn't call this book smutty but it's definitely steamy: **Queen of the underworld daylily** English I have mix feelings about this book tricked her into marrying him with all the control he has running the city he allowed innocent Cora to control him in this way, **Queen of the underworld coach** Yes Marcus Ubeli started to love his wife but no way would he allow anyone to control him, **The queen of the underworld** Now she takes over her mother & uncles territory in Metropolis where Titan's ruled even killing a capo who would not go along with the new regime. **Queen of the underworld daylily** Although it was a great series the ending was a little far fetch: **Queen of the underworld greek** English This is the end of the trilogy of Cora and Marcus, **The queen of the underworld** I know she needed to be strong and it's fitting but I don't know it just didn't felt right that she abruptly changed. **Queen of underworld mythology** Marcus is still the alpha male he was but he became almost a lovesick puppy in this book, **Queen of the Underworld kindle** I understand the changes but it just felt something was lacking: **Queen of underworld book** This book has flaws but yet the author pulled it off well a really good adaptation of Hades and Persephone from Greek mythology. **Queen of underworld mythology** And if Marcus wants to end their short separation he needs to BEND! But Ambrosia in Olympus is creating a divide and the secrets are unfolding about the end of book 2!, **Queen of underworld book 5** powerful stars !!!!!!!!!!! English What in the hell just happened in this book!?!?!?! So much shit to unpack. **The queen of the underworld** This conclusion was an intensely wild and crazy to end the series: **Queen of the underworldking** I'm not quite sure I liked book3 all the way how it played out simply because it's a stark turnaround of certain characters that just wasn't convincing and believable: **Queen of the Underworld epub torrent** From book 1 Marcus was heavy handed and cruel delivered dark romance to graphic mafia violence to his meek Cora. **Queen of underworld book** Then the story morphing into a menage orgy fest and heavy drugs then good girl gone badass??? Phew this was a lot, **Fantasy Queen of the underworld awakening** How else can you set yourself up to be kidnapped assaulted drugged: **Queen of the underworld rj kane** Cora had a death wish and she might have purposely inadvertently (yes if that makes sense) set herself up. **Queen of the underworld long** It's as if you are watching a horror film and know when you hear a sound you do NOT run towards it you go stage left and haul ass!!! What is this girl doing. **Queen of the Underworld fantasy art** Not only was this series hot it was a wild crazy ride! English Wow!! This is the conclusion of Marcus and Cora's story, **Queen of the underworld rj kane** There is suspense action lies secrets deceit forgiveness anger hurt light darkness and twists and turns, **Queen of the underworldking** Marcus wants Cora back and is willing to do what it takes to do that, **Queen of the underworldjr** I actually like Marcus yet sometimes he's abit overbearing but I think it's due to his age and Cora was a little too immature and naive at times, **Queen of the Underworld fantasy book** But was I prepared for how everything turned out yes and no. **The queen of the underworld** It's obvious that this trilogy declined more and more as it progressed but with this last book it goes to the underworld of which Marcus is the proclaimed king. **Queen of the Underworld kindle books** Marcus I said it before: we started off on the wrong foot because he humiliated Cora worse than shit on the sole of his expensive Italian shoes. **EBook Queen of the underworld free online** Cora I'm just going to say that her stupidity level is off the charts here and I slowly withdraw. Started a business and finally moved into her own apartment. It's almost mockingly unbelievable that Cora turned queen. "Long live the Queen.was chasing Cora around like a lost puppy. The alpha fizzed. The sex was just over the top. Again. Like a lot. Just embrace your inner smut.

You will be hooked. One of my favorite quotes:"You're mine. You've always been mine. 'Til the day we die and beyond. 'Til stars fall and this world is forgotten. Forever. I didn't care for the "secret" storyline. I loath the secret storyline.I liked the book had steam. But I didn't like the pacing of the book. BUT nope. I get it. Most smutty books are novellas and everything is surface. I just think the writing needs to be more polished. AND please don't use the "secret" storyline anymore. Good thing I love reading Fiction. I enjoyed the series the ending was alright. However it was surreal how Cora just changed suddenly. I loved the chemistry between the protagonist.

Cora has changed so much from the beginning. She is one badass! I loved this book. There was so much happening from beginning to end. Marcus is his usual overprotective controlling underworld boss. Cora puts him in his place. It starts about two months after Cora ran. It was an emotional rollercoaster of emotions reading this. I loved to see Cora grow in this book. She grew into the Queen she was meant to be. I don't want to give anything away. You need to read it. English
