Anyone else will be bored. **Book Opal smokey bones** Liss knows when she gets hot headed and steals from Lagonian soldiers that she is going to get in trouble with the caravan leader.

Opal Smoke book

She just accepts that she did what she did and there is a punishment for that. **Opal smoketown bbq** I know this sounds weird since I was okay with Liss but Rhett doesn't have her ability and it just felt like he gave into falling for her rather quickly despite being 20 years old and never having feelings for anyone. **Fantasy Opal smokeless** He did irritate me a little at the end.

Typical girl I loved lied to me so now I need to push everyone away and brood and clearly she never really loved me type of thing. **Book Opal smokey robinson** Opal Smoke (Opal Contagion Book 1) Whoa y'all this is an epic start to what I honestly believe is going to be an amazing series! I was sucked in right away with the characters. **Opal Smoke ebook3000** 5 stars I really really like this book! I was a bit confused in the first pages because you're thrown directly into this new world you know nothing about but I got the handle of it pretty quickly so it didn't bother me at all (also that's fantasy so not knowing the world was expected). **Opal Smoke book** The world-building by the way is really great with enough details so that we're not always wondering what the heck is going on but with the descriptions kept short enough so that our attention are kept on the plot. **Book Opal smoked salmon** I genuinely didn't know where the book was going because what I read about it was vague enough that you don't know the details and I absolutely loved that loved the anticipation of what would be coming next without actually knowing. **Opal smokemiester** Plot-wise except for the fact I had guessed really early on where what Liss is searching for was hidden the turn of events wasn't always what I expected and it got my attention the whole book. **Opal Smoke booking** As for the characters I so enjoyed the myriad of people and emotions they all carry and we get to see through Liss' eyes! It was nice to see people are complex and see how Liss herself changes her view on the fact it's not all just black and white. **Opal smokepurpp** I thought it was also brilliant that though it wasn't only Liss and Rhett they were still the ones we got to see the most and it made sense since we're following their story. **Book Opal smokeless** I would definitely recommend to give this book a try I know I'll keep an eye on what comes next in this world! I voluntarily reviewed this after receiving a free copy from Hidden Gems. **Opal smokepurpp** Stephanie Fazio has such a beautiful way with words that'll have you dying to know what comes next! I went into this book completely blind and I can honestly say that this definitely makes into the best books I've read this year. **Opal Smoke kindle direct** For lovers of bold smart mouthed female leads Liss will steal your hearts! From a skilled thief to a spy she makes me love this story more and more! The friendships in this book are definitely another reason why should read this. **Opal Smoke fantasy springs** I definitely enjoyed this book and will keep an eye out for the next one! I received a free copy in exchange for an honest review Opal Smoke (Opal Contagion Book 1) Super Good Liss and Rhett are really an unlikely but awesome couple. **EPub Opal smokey bones** Opal Smoke (Opal Contagion Book 1) Opal Smoke by Stephanie Fazio is a tale of a plague caused by a people known as the Extended - a people with special abilities who spread the plague - a rich kingdom ruled by a power-mad emperor and the Insorsiled a magical people immune to the plague, The characters are far and away the best part of this story: **Opal smokeware** Liss and Rhett are wonderfully complicated

people who are just trying to survive and protect the people they love, **Opal smokemart** Their romance is predictable but that doesn't take away from the beauty of it, **Opal Smoke kindle paperwhite** There were also a few twists and turns I didn't see coming! Pick up a copy, **EPub Opal smokey robinson** You won't regret it!*I received a free copy of this book in exchange for an honest review, **Opal smokeshow bbq** Opal Smoke (Opal Contagion Book 1) This book had a lot of potential but was so slow it was hard to continue reading, **Opal Smoke epubor** Opal Smoke (Opal Contagion Book 1) This was an interesting fantasy read and a pretty interesting world: **Opal smokers outlet** The Lagonians are a wealthy people ruled by a cruel emperor who are enemies with the Extended. **Opal Smoke epubublishing** The Extended are a magical people with a deadly disease that runs in their veins leaving them with opalescent skin and orange hair. **Opal smokemiester** Liss is an extended who looks like a Lagonian whose magic is being a Soul Sorter. **Book Opal smoked** Liss can sense emotions on a person's soul which comes in handy for her thieving and pick pocketing. **Opal Smoke bookworm** Somehow the Lagonians find an immunity to the Extended's deadly disease and decide now is the time to eliminate them once and for all: **Opal Smoke booking** After Liss gets into some trouble with her caravan leader her only hope to remain with her family is to go into the Lagonian's castle and steal the immunity: **Opal Smoke pdfescape** If that wasn't difficult enough she has to also get past the infamous Chief Assassin whose killed many of her people and is now on the hunt for her, **Opal Smoke fantasy football** Usually in stories like these I get really irritated with the female lead who seems to think she can do no wrong and is always right and everyone is out to get her: **Book Opal smokey** I understand her attraction to Rhett and how their relationship changed so drastically because of her power of Soul Sorting, **Opal Smoke epub file** She sees instantly what takes people a long time to realize about one another: **Book Opal smokey bones** I did like him and his morals and how he was with his soldiers, **EPub Opal smokey bones** The one thing that I didn't like though was his instant attraction to Liss: **Opal smokers outlet** All the minor characters are amazing and each bring something to the story and the world. **Book Opal smoked salmon** I'm excited to see where this story leads as we are left with a huge cliff hanger at the end, **Opal smokemaster** I received a review copy from Hidden Gems in exchange for an honest review, **Opal smokeshow bbq** Could you risk your life to be with someone who could mean your life ends unless a cure is found? Mystery.

Stephanie Fazio is a fantasy author. **Book Opal smoked** She grew up in Syracuse New York and prior to writing full time she worked in the fields of journalism secondary education and higher education: **Opal smokers outlet** She has an undergraduate degree in English from Colgate University and a Master's degree in Reading Writing and Literacy from the University of Pennsylvania: **Book Opal smokeless** Stephanie lives in Austin with her husband and crazy rescue dog: **Book Opal smokey** When she isn't writing she's getting lost in parks hosting taco nights or ironically and miserably losing at word games but having fun while she does it: **Book Opal smoker** Besides it's not only a dual point-of-view but a multiple one! You get to see some of the workings of different characters' minds and I'm always a sucker for that, **Fantasy Opal smoked salmon** The ending left me wanting for more while being satisfied that the plot moved on, **Opal Smoke fantasy football** Opal Smoke (Opal Contagion Book 1) I'm giving this book a 4: **Opal smokeware** 5 star because I absolutely loved it! The character development and world-building was utterly stunning, **EPub Opal smokey robinson** The characters are sarcastic sassy with the right amount of humor that you just can't help falling in love with them: **Opal Smoke pdf** for fans of YA fantasy and fans of Leigh Bardugo this is a must read!! Our dark and handsome hero Rhett is bound to steal your heart, **Book Opal smokey robinson** I love it when my hero is all mysterious and cold hearted on the outside but has the most kindest soul. **Opal smoketown bbq** Our aloof Rhett was the perfect match for our sassy outgoing Liss the protagonist, **Opal smokemiester** such a mixed company with one of

the most genuine characters ARC provided by the publisher via Hidden Gems Books: **Opal Smoke pdf editor** Opal Smoke (Opal Contagion Book 1) I really liked this book, **Opal smokezilla** The plot of it was super interesting but it wasn't the thing that made me love it: **Opal smokers outlet** Our characters in this are the real reason this book was so great: **EPub Opal smoked** This book focused on introducing characters and their relationships much more than an intense plot but the story never felt like it dragged, **EBook Opal smoker** Our main character Liss was an extended tasked with finding the Antidote and helping free her people. **Book Opal smoked** Her power called soul sorting added a really interesting side to the story: **EPub Opal smoker** It wasn't something that I had read before and it really helped invest me into the relationship, **Opal Smoke fantasy** Rhett the king's assassin was another super interesting character. **Opal Smoke publishing** His emotions felt genuine and I loved the banter between him and his men: **Book Opal smokeless** Ok so the relationship in this may have been a bit insta-lovey. **Book Opal smoke** Who cares?? It felt real and the way it came about actually made sense to me, **Book Opal smoked** I loved how it opened each character up to a new side of their beliefs and how it really changed both of them for the better. **Book Opal smokey robinson** It really was a lot of what the book focused on but I really liked it so I was fine with that: **Opal Smoke epubor** Contrary to my expectations this book was actually super light-hearted. **Book Opal smoked salmon** I had a smile on my face for almost the entire book and I really liked all of the characters: **Opal Smoke booking** The banter between Ciago Liss Rhett and Wilsean really helped to keep this book going, **Book Opal smokey robinson** I hope that they end up having children somewhere in these books, **Fantasy Opal smokeless** Opal Smoke (Opal Contagion Book 1) I loved this book! The language and characters are so beautiful I was in love: **Opal smokers outlet** Opal Smoke is set in a high fantasy world and is very well developed but spends more time on the characters (which I like), **Book Opal smoker** It's more contemporary which won't appeal to folks who are expecting medieval fantasy but again imagination magic amazing characters and wondrous adventure, **Book Opal smokey bones** The emperor has found a way to prevent plague and has re-opened is kingdom to the outside world, **Opal smoken words** Rhett is the emperor's half-brother and an assassin Liss is the Extended woman he is hunting a woman called Opal Smoke. **Book Opal smokeless** The Extended are marked by orange hair and opalescent skin and always on the move one step ahead of the assassin who has been ordered to ride the world of them, **Opal Smoke pdf converter** Naturally he falls for Liss who is only half-Extended and looks normal: **Opal Smoke book** This book begins as fantasy but it is actually a romance novel in disguise and not a very good disguise, **Opal smokemiester** The main characters are easy to like but are physically perfect (of course), **Opal smokemiester** I am guessing this is a YA book from the love scenes, **Fantasy Opal smokeless** In addition to being predictable the book is full of incongruities: **Opal smokemiester** In a world of swords and sorcerers witches and warlocks dragons and wagons there are disinfecting wipes canned vegetables grandfather clocks and tubes of lipstick. **Book Opal smokey bones** A sequel is expected but will probably be more of the same: **Opal smokemiester** It is possible this book will work for the YA market but she does it anyway, **Opal Smoke pdf editor** She doesn't try to justify her actions action a dash of romance and one big adventure packed into this: **Opal Smoke ebook3000** Opal Smoke (Opal Contagion Book 1)

A thief is the only one who stands between her people and complete annihilation: **Opal Smoke book**

Liss is a Soul Sorter who can sense any emotion a person is feeling, **Book Opal smoked** She uses this talent to steal jewels and dragonhide wallets to help provide for her people the Extended. **EBook Opal smoke** A side benefit of her thieving is that she gets to empty the pockets of the wealthy Lagonians who shun the Extended for the deadly disease that runs in their veins: **Book Opal smokeless** When the Lagonians announce that they've developed a source of immunity they are no longer content to just ostracize the Extended, **Opal smokezilla** The only way for Liss to save her people is if she can pull off her biggest heist yet and steal the secret to the immunity, **Opal smokezilla** What is already a perilous mission is further complicated when Lagonia's infamous Chief Assassin is tasked with taking Liss out, **Opal Smoke book** Entangled in his own web of deception risk and a fight to survive the assassin cannot fail[1]

I'm more of a fan of modern. You'll be rooting for them from start to finish. That was not the case with this story. She was an enjoyable character and I loved her personality. Rhett was an interesting character. This is my honest review of the book. No gifts or monetary funds were exchanged for a review. Ok so it may have been super predictable. The characters in this book are strong and well written. I like Rhett Wilean Ciago and Stone. I also like Liss and Samara. I can't stand the Emperor. Good book. The Romeo and Juliet of the piece are Rhett and Liss. Escapades ensue. The plot is dull and predictable. Laughable. The Lagonians plan to eradicate them. One truth becomes clear. If either hopes to succeed the other must die. Opal Smoke (Opal Contagion Book 1).
