

Mama Opossums Misadventures (Awesome Opossum Stories Book 2) By Gina Gallois Kindle Edition
A lovely and engaging second installment Gina Gallois' engaging animal series continues with her second book Mama Opossum's Misadventures which blends an interactive find the joey activity with another strong message about interspecies coexistence. Not all are so friendly though as the reader learns! Can Mama retrieve each joey in time? This sweet story once again features illustrations by the talented Aleksandra Bobrek whose artwork makes it just challenging enough for young readers to spot each joey. Kindle Edition Une courageuse Maman Maman Opossum doit retrouver ses 10 petits mais comment va-t-elle faire pour retrouver ses bébés dans l'obscurité de la nuit? Heureusement en chemin elle rencontre des amis de tous poils qui lui donner un petit coup de main! Kindle Edition Love these series! This is a beautiful story that takes us through an adventure while we meet different Interesting animals. Kindle Edition Where are all the joeys? Mama Opossum needs a helper to find her 10 little joeys before sunrise! All the opossum joeys ride along with Mama to find food but when Mama stumbles and falls all 10 joeys roll off in a different direction:

Known for loving opossums rescuing street kitties and kid wrangling Gina Gallois usually has an audiobook playing and a cup of Earl Grey in hand: Before becoming a children's writer Gina was a French professor. Based in Atlanta Georgia Gina her husband Fabien and their two children jump at the slightest opportunity to travel somewhere new and gorge on the local pastries. Gina's books include Opossum Opposites Mama Opossum's Misadventures and Cats and Dogs Make the Best of Friends, A very sweet kids' book A very sweet kids' book that has lovely illustrations: It's not always clear on a small kindle-sized picture where the baby opossums are but the majority of them can be seen, Mama must now retrieve each of her 10 joeys from various nocturnal forest friends -- raccoons skunks beavers -- whom they've encountered in their wanderings: This is another educational read in a series I'm very much coming to enjoy! Kindle Edition Nice follow up to the first book about opossums: As such it might be in physical format instead of kindle: As a mom and teacher I find the book very educational and I love the opossum fact page at the end of the book. When you help Mama find her babies you'll also meet a whole village of other nocturnal animals along the way. This sweet imaginative story makes a perfect companion to the first book in the series Opossum Opposites. This book is intended for girls and boys ages 3 4 5 6 and 7 but is sure to be enjoyed by all ages, Mama Opossums Misadventures (Awesome Opossum Stories Book 2)

Fun educational read I really enjoyed this children's counting book, The clues are obvious to the adult but excite the children. Opossums to the Rescue is coming in mid 2021. A good read. After taking a tumble an opossum family becomes separated. The book functions as a seek and find game as well. Read on something with color monitor. The story is simple but facts are included at the end. Highly recommended. The artwork is beautiful and matches the story splendidly. Many fun facts to start a discussion with your child. Kindle Edition.
