This book shares the journey of WIPRO from a vegetable oil company to a renowned giant conglomerate, **Azim premji daughter** Author have narrated both positive & negative aspects of AHP's leadership. **Book Azim premji** Formation & operating model of AHP's philanthropic initiative is well explained: **Azim Premji booking** Good read! Kindle Edition Inspirational story of Azim Premji. **Azim premji grants** Every person has mistakes but very few have ability to accept it: **Azim Premji epub**s Kindle Edition I would have recommended this book to others if the author had brought a balance between Azim's life and Wipro: **Azim premji foundation** But the book had more information about Wipro and it's business rather than the man himself, **Azim premji kundli** One thing that caught my eye in the book was the formation of the Azim Premji's foundation and its operating model: **Azim Premji kindle app** This book have many business lessons some are in positive way and some are in negative way that we should always take care of in business. **Book Azim premjit** Author have explained about AHP's personality I did not find much value in the book: **Azim premji latest news** Kindle Edition A man of his own mind who shared his hotel room did his laundry himself while travelling took subways when travelling abroad: **Azim Premji pdf reader** It also points flaws in his leadership his inability to let go of control and his hatred towards losing. **Azim Premji kindle reader** The book beautifully touches upon Premji's philanthropy efforts one that got him more respect and recognition than his

businesses. **Book Azim premji ebenezer** Kindle Edition

It will be better to call title as 'Origins of Wipro, **Azim premji foundation fellowship** It does not has much insights from AHP as he did not interviewed much with authors. **Azim premji grants** Good part is that the authors have discussed both sides of AHP's leadership, **Azim Premji book** It is very easy to read and since I worked in the organisation before i was able to relate to a lot of the events mentioned. **Book Azim premji invest** The best part i liked about the writing is this is not written from a fanboy perspective hurling praises all through: **Kindle Azim premji ebenezer** The authors have presented different aspects of the man under different circumstances, **Book Azim premji** Kindle Edition Read it because How can one be an Indian and not get to know a person who's donated over 1, **Azim premji contact number** This book is timely given that it had the opportunity to capture his entire career at Wipro till a couple of years after he stepped down from Executive Chairmanship. **Azim Premji booking** The book thankfully doesn't indulge in hero worship highlighting the man's many flaws and failures: **Azim Premji epub reader** Where it disappoints is in two areas:- there is just way too much repetition of facts across the book: **Azim Premji pdf24** It clearly shows that 2 different authors contributed and seems like they didn't compare their notes, **Azim premji sons** - considering the kind of people the authors had access to (AHP was not one of them) the quality of anecdotes is lousy. **Azim premji grants** I have heard better ones from mid to junior level executives who've worked at Wipro. **Azim premji book** Read it if you don't know much about the man Wipro and the Premji Foundation/Premji Invest: **Book Azim premji invest** As of 2019 he was the tenth richest person in India with an estimated net worth of \$7: **Azim Premji pdf24** Yet the one facet of the man which has overshadowed even his business achievements is his altruism, **Azim Premji kindle cloud** His commitment to the Azim Premji Foundation a non-profit focused on education totals around \$21 billion making him one of the world's top philanthropists, **Book Azim premji** It peels the layers off Premji's life while chronicling his professional and charitable work in the context of his many strengths and shortcomings[1]

Motivations & his commitment to philanthropy. His simplicity and humble nature is very heart warming. Loved the reading of his story and story of Wipro. Kindle Edition Inspirational autobiography. Book is more focused on evolution of Wipro. It is more from the perspectives of people surrounding AHP. Kindle Edition We'll researched and well structured book. I enjoyed reading it. Overall i would say this is a good read.5 lakh crore rupees (~21.5 bn USD) of personal wealth towards philanthropy. It will provide a few insights. Overall a lost opportunity.2 billion.
