

Dont Call Me Greta By Angie Stanton **Don't call me greta** I was so excited as I thought this book will get me out of my reading slump as I had previously enjoyed Angie's books and secondly the whole Stolen at Birth is one of my top favorite book tropes out there. **Don't call me grumpy corn** The book starts with Piper begging her mum to allow her to go on a campus tour and then the next thing Piper knows her whole life has been turned upside down as the cops storm her house accusing her mother of kidnapping. **Don't Call Me Greta Literature fiction books** Piper knows this has to be a big mistake as her mother is the most cautious person and has never stolen anything let alone what they are accusing her of - stealing a baby. **Don't call me dirty** How can anything be alright ever again? I could not stop reading this.

This story starts with a bang and just grabs you so hard! So excited to have another book from one of my favorite YA authors!! As a mom I can't image anything worse than having your baby stolen from you. **Dont Call Me Greta pdf24** The road trip with Finn was excellent! I'm calling it a

road trip because calling it the “fleeing of a fugitive” sounds too dramatic! And I loved how their missteps along the way added levity and dare I say an aura of romance to the story. **Don't call me grumpycorn** There are a lot of great themes in this book - that money doesn't buy happiness that perfect on the outside doesn't equate to perfect on the inside and genetics don't make a family. **Don't call me greta book** Romance Young Adult Literature Fiction I loved this book! From the very opening things happen to Greta/Piper that send her on the run aided by a handsome friend with issues of his own. **Kindle Dont Call Me greta gerwig** Stanton's novels and you love YA novels give this one a try for sure! Romance Young Adult Literature Fiction So you see movies or shows about things like this but I haven't read a book like this and I must say I prefer the book! Angie Stanton did an excellent job with this and I flew through the book. **Book Dont Call Me greta van** Once the story turned to a runaway road trip with Piper and her brother's best friend Finn I saw an enemy to friends rom-com from a mile away and I couldn't wait for that part to end to get back to why I was interested in the story. **Book Dont Call Me greta** The language was fairly clean too but did get a bit heated in a couple scenes and one f-bomb was dropped in this book but it was in a scene where it made sense and wasn't just thrown in for fun or used beyond that.
