Good one!MS. Wynn is one of my favorite authors. I enjoyed this story. I was riveted with this storyline and the H/h. It ended all too quickly. I can't wait to continue this series. Mate Run: Pia (Mate Match Agency #1) Excellent Read.From beginning to end this book captivated you.great book. Still it was very good. Race ethnicity and nationality no longer matter. Pia Montgomery is one of the noninfected. It's time for a new chapter. Unlike others she's not afraid of their animalistic tendencies. In fact she admires them. They hunt for their mates. Ready. Set. Go! It's time for the Mate Run."OkayLets see. This is one of my favorites authors. This book was not that good to me. It needs something. Pia and Jeb are a great match. It's a too the point sexy read. I highly recommend it. This bookthough fantasy was down to earth and relatable. I'm definitely looking forward to reading more. Mate Run: Pia (Mate Match Agency #1)
