I loved this story by Maddie Taylor. I love the interactions between Brody and Piper. Piper has a rough childhood. Piper has always found fault with her boyfriends or dates. That changes when she meets Brody. Brody is a Lieutenant for the Boston Fire Department. He believes there is something special about her. When she had no place to go he offers his place."Consider this part of the full hero package. She avoids family and relationships but who can blame her. Hollie: Don't give up Piper. Hold out for your soul mate. He's out there somewhere. Brody: Do I make you nervous?Piper: No. You scare the crap out of me.Brody: Then don't. That way we both get what we need. How does that sound?Piper: Pretty darn wonderful.Piper: I think I'd like to try...Daddy. Its just beautiful they really are fated together. Piper is strong. I'm giving Tough Love 4: Slow Burn Daddy the judy.ann.loves. Super hot firefighter and a Daddy. What's not to love. Ms. Taylor does not disappoint us with Slow Burn Daddy. Can't wait to see what she comes out with next. Whatever you call it Piper and Brody were meant to be. Furthermore he's he is meant to be her Daddy. Brody Murphy is a keeper. He is a do the right thing man to his very soul. Her lungs spasmed and she coughed."Easy now little lady. Leave that on. It's helping you breathe."Her eyes opened."No Piper."Amazon/#KindleUnlimited: <https://geni>. This is my volitional candid review. Maddie started writing as a hobby. {site\_link}
