But except for saying what awful people and liars they are he never actually tells what they do that is so awful. **Tattoos Tequila book** Instead Vince Neil just rambles off awful things that he did but which he doesn't see what the problem is and if there is a problem it's with the person who had the problem with him. **EBook Tattoos tequila brands** After fatal drunk driving conviction where he not only killed his passenger but hit another car with two young people with life long consequences whereas he got county jail time of 18 days as a trustee and a girl was brought in for sex in the cell. **Tattoos tequilaberry** Vince Neil does a lot of talking about other peoples' problems but I'd like to know what his were? All through out the book he never owned up to his shortcomings with the band. **Tattoos Tequila kindle reader** What would have been better was to interview some of the people who he made mean comments about (sharon osbourne and izzy stradlin) just to see what they had to say about him and how they would describe certain instances. **Tattoos Tequila pdffiller** There were portions in which he would state something as happening one way but then in an interview with one of his exes or a manager they state that it happened another way or at another time. **Tattoos tequilaberry salad** He says that when he started his solo career after being fired from Motley Crue in 1992 that his first tour was with Van Halen and that it was their first tour with their new lead singer Sammy Hagar. **Kindle Tattoos tequilas restaurant** I believe Sager did a really good job of putting it all together and mixing in stuff from interviews with Vince with interviews with other folks such as Vince's ex-wives and his two living children. **Tattoos Tequila ebookers** It would have been nice to have more of the group besides Nikki in there but it was probably understandable since there appears to be quite a bit of bad blood still within the group. **Kindle Tattoos tequila rose** Tattoos Tequila: To Hell and Back with One of Rocks Most Notorious Frontmen I'm a longtime Crue fan and I think that Vince is indeed one of Rock's greatest frontmen but what really triggered me reading this book at this time is that while I had long known that Vince and his ex wife Sherise had lost their beautiful 4 year old daughter Skylar to a terrible disease with Sherise's return to the spotlight in the reality show Ex wives of Rock I wanted to see how even with all his fame and money that Vince handled such a huge loss and survived. **Tattoos Tequila pdfescape** I know there was a disclaimer in the beginning; but don't you think that he could of at least got the date of Crues first gig correct when he had a flyer in the pics of that gig with the date on it? When I read Dirt I fell in love with Crue all over again and wondered why Nikki wasn't my favorite. **Book Tattoos tequila drinks** Of course if you are a Crue fan it IS a must read; but you will be greatly disappointed :(Tattoos Tequila: To Hell and Back with One of Rocks Most Notorious Frontmen One isn't supposed to quote from ARC's in reviews but I'm not a paid reviewer and well this isn't exactly a unique incident. **Book Tattoos tequila** Sammy Hagar joined Van Halen in 1986 and is first featured on the album 5150 which Van Halen toured in support of and would even headline metal extravaganza The Monsters of Rock Tour. **Kindle Tattoos tequilas restaurant** I'm not necessarily proud of what has stuck in my head or my love for the band in my early teen years he knew he was driving the car but his description of the events makes the accident seem like an act of God rather than a Rock Star who had two too many drinks who was racing his car around and lost control. **Book Tattoos tequila** They are all too a little aw-shucks with the same antiquated cliches that no one would really say or maybe one person would but to get so many people saying them is a little weird. **EPub Tattoos tequila jalisco** Her side of the story is that she came home one day and found that Vince Neil had been fucking some girl in their house and told him to stop sleeping around brining nasty groupies and porn stars into their home and to be careful of getting AIDS or other diseases which she feared could harm their baby that she was carrying. **Tattoos Tequila ebook reader** He is finally 'getting his book to clear the air' about what really went down with Motley Crue and to get back at those scum bags Nikki Sixx and Tommy Lee but rather a developmentally retarded 50 year old man who

has never matured past being 15. **Book Tattoos tequila** Some of it could be Vince Neils own skewed view of the world but a serious fact checker needs to be put on this book STAT! The amount of errors is huge and really hurts the book. **Tattoos Tequila ebooks online** I already knew to expect him retelling his chunk of The Dirt but SERIOUSLY!?! He went into even less detail in his own book! He could have told so many good stories! He barely even talked about Skylar. **Tattoos Tequila bookkeeping** Tattoos Tequila: To Hell and Back with One of Rocks Most Notorious Frontmen So where do we start? I remember when we did The Dirt the Mötley Crüe book I was interviewed at The Grand Havana Room in Beverly Hills. **Book Tattoos tequila** Tattoos Tequila: To Hell and Back with One of Rocks Most Notorious Frontmen Vince Neil is an American vocalist and musician best known as the lead vocalist of heavy metal band Mötley Crüe. He appears just as Mike Sager meets him like he is reluctant. **Tattoos Tequila ebook** We understand Vince is not into talking about himself or his band mates but he really does: **Tattoos tequilaberry's** Mike just has to twist his arm a little and then stand back and watch the shit splash on your shoes. **Tattoos Tequila ebook** Actually the voice of the book changes for the better and that's when I assume the author took over any dialog and changed it to a different format. **Tattoos Tequila epubor** I approve because Vince was only going to give shallow responses that built his ego: **Tattoos tequilaberry** I'm glad his kids get a say in the end but that doesn't seem honest musings, **Tattoos tequilaberry salad** The ex-wives each get to talk and they seemed a bit more honest. **Tattoos Tequila kindle** I think the kids with their limited exposure to their dad dodged a bullet: **Tattoos Tequila booking** Quote.

Tattoos Tequila bookworm

I know they have done nothing to gain his respect but its obvious that he saw them as nothing but pure sexual objects to be used: **Tattoos Tequila bookworm** It made me sad for the girls that put themselves in that situation. **Tattoos Tequila epub file** I feel like many of them must have been looking for some kind of self esteem or affirmation by seeking a sexual encounter with a rock star. **EPub Tattoos tequila sunrise** I see nothing but degradation in that fact that rock star had sex with you for a half hour, **PDF Tattoos tequila** You aren't even the only girl of the night and are one of thousands: **Tattoos tequilaberry's** I know the rest of the guys in the band and many more famous men and even many regular men in general, **Tattoos Tequila booker** have that sort of view towards women but the older I get the less tolerant I am able to be of that attitude, **Book Tattoos tequila rose** In other reviews I've read of this book I've heard it described as poorly written but I could not disagree more: **Kindle Tattoos tequila jalisco** I found the book so engrossing that I couldn't put it down. **Tattoos Tequila pdffiller** Vince Neil is a talented individual with a lot of demons but whatever you think of him or his music.

But it's there: **Book Tattoos tequila brands** I loved The Dirt the Motley Crue Bio that came out in 2001. **Tattoos Tequila booking** It's up there with Klaus Kinski's autobiography and Johnny Rotten's for complete unintentional hilarity and awesomeness. **EBook Tattoos tequila sunrise** I figured though since I always thought he was an asshole this book would have some enjoyment. **Tattoos Tequila ebooks online** The problem is that Vince Neil a) claims to not remember a whole lot of what happened and b) Vince Neil does very little wrong in Vince Neil's view of things. **Book Tattoos tequila drinks** When he gets to the part where he killed the drummer of Hanoi Rocks in a drunk driving accident; he feels sorrow that his friend is dead: **Tattoos Tequila ebooks free** He feels like it sucks for the people who he harmed in the other car, **Book Tattoos tequila** I'm fairly certain after reading this book that Vince Neil is a sociopath, **Book Tattoos tequila** I've been using that

term a lot lately but I think he really is. **Tattoos Tequila pdf** He doesn't appear to feel remorse except for when he feels that he should display it to get him out of trouble. **Tattoos Tequila pdf** Or maybe he is not a sociopath.

I finished it, **Book Tattoos tequila** I'm reviewing the book here because Vince Neil the man I'd been driving drunk for about as long as I'd been driving, **EBook Tattoos tequila** His wife doesn't pick him up after release and he managed to find home and it was empty. **Tattoos Tequila kindle paperwhite** Vince knew he deserves it but jumps right back in to the lifestyle: **Kindle Tattoos tequila drinks** Author shows in the story how Vince is older but instead of being wiser just sadder. **Tattoos Tequila kindle** There is depth in the writing and I wish I could rate writing higher but I don't want Vince any more on people's minds or wallets: **EBook Tattoos tequila rose** Tattoos Tequila: To Hell and Back with One of Rocks Most Notorious Frontmen This book was Vince's memoir of his life: **Tattoos Tequila ebookers** It was all it was supposed to be; a famous rockstar detailing his life and his rise to fame, **Tattoos Tequila pdf filler** He discussed his children his wives his dislike of his fellow bandmates the fatal car accident rehab and everything in between and I enjoyed it. **Book Tattoos tequila drinks** I'm a little disgusted at all the cheating he did which he doesn't seem to have any remorse about, **EPub Tattoos tequila jalisco** I'd have liked to have heard more from his ex wives more than just the few pages we got from each of them. **EBook Tattoos tequila** * I won this book in a giveaway in exchange for an honest review, **Book Tattoos tequila** Tattoos Tequila: To Hell and Back with One of Rocks Most Notorious Frontmen I read the majority of this book in one day: **EBook Tattoos tequila rose** I think any fan of Motley Crue will enjoy reading the book: **Tattoos Tequila ebooks free** I thought it was interesting and at times shocking to hear about Vince Neil's sex life and his dislike of mostly everyone including his bandmates: **Book Tattoos tequila** It makes me wonder why the others wouldn't contribute anything to the book, **Tattoos tequilaberry salad** In other reviews references are made about the biography The Dirt: **Book Tattoos tequila sunrise** If your going to read this book then it makes sense to get the whole story by reading the other one as well: **EBook Tattoos tequila brands** It would be very interesting to hear other perspectives of how things may have really happened, **Book Tattoos tequila** As much as I liked the band/Vince Neil growing up I can't take everything he says as the absolute truth: **Tattoos Tequila ebooks online** I have to question the accurateness of his personal accounts within the story, **Tattoos Tequila kindle direct** I'm not saying he's a liar I'm just saying that how one person perceives something is different from how another will perceive something: **Tattoos Tequila epub** I do like how the book is told in a chronological order in his voice: **Book Tattoos tequilas restaurant** I liked reading the excerpts from people in his life of stories that either confirm or contradict his own, **Tattoos Tequila ebook3000** Regardless I enjoyed the book because it leaves you with many questions still to be answered. **Tattoos Tequila epub.pub** Tattoos Tequila: To Hell and Back with One of Rocks Most Notorious Frontmen Well if you like having a conversation with a stoner you would like this book: **Tattoos Tequila pdf editor** Vince Neil has really nothing good to say for his bandmates in Motley Crue and he talks of his ex-wives as if they were put on earth to nag

him to death: **Tattoos Tequila epub file** Excuse me Vince but if you are married to one and screwing five others then the one you are married to has the right to nag: **Tattoos Tequila pdf editor** Considering the lifestyle you chose you should feel very fortunate that any woman would marry you let alone put up with all your crap. **Tattoos Tequila epub.pub** Also he can't remember half the stories he tells or he tells them incorrectly. **Tattoos Tequila pdfescape** Then at times he starts to state his reasons for doing what he did only to say that he doesn't remember why he did what he did: **Kindle Tattoos tequila jalisco** Ummm excuse me Vince but Sammy Hagar by that time had been with Van Halen for seven years, **Tattoos tequilaberry** The 5150 album Hagar's first with the band was released in 1986. **Tattoos Tequila ebook3000** He states that he feels that he did not get enough punishment for the 1984 car accident that killed Nicholas Razzle Dingley of Hanoi Rocks and permanently injured two others, **Book Tattoos tequila** I felt that he still feels really guilty about that accident. **Book Tattoos tequila brands** This book was not only frustrating to read but it just flat pissed me off. **Tattoos Tequila pdf drive** He makes every excuse in the world for his behavior but does little to rectify it, **Book Tattoos tequila** I guess it's a typical rock star book but it was very disappointing, **PDF Tattoos tequila rose** Tattoos Tequila: To Hell and Back with One of Rocks Most Notorious Frontmen I actually liked this quite a bit, **Kindle Tattoos tequila rose** I've been a fan of Motley Crue for a long time since Shout at the Devil and have read many of the books about them: **Kindle Tattoos tequila jalisco** I can see why Vince feels the way he does about the bandmembers although there was certainly a lot of cause for anger to go around: **Book Tattoos tequila** I think the chapters on the loss of Skylar are the best in the book, **Book Tattoos tequila** For all his faults there is no question that Vince deeply loves his little girl and is devoted to her memory: **EPub Tattoos tequila rose** I feel a lot of sadness for what he and Sherise had to go through. **EPub Tattoos tequila brands** To his credit Vince allowed a lot of other people a voice in this book including people who have less than complimentary things to say about him such as his ex wives. **Tattoos Tequila pdfescape** That was an open and honest thing to do and I give him credit for that: **Book Tattoos tequila** However there were things about what he had to say in this book that deeply bugged me. **Tattoos Tequila pdf** Although I knew that he was a notorious womanizer and had lived a wild life he always seemed soft spoken and kind in the interviews I've seen him do, **Tattoos Tequila ebook** The first read flag came when he first briefly described getting together with his third wife Heidi Mark and described her as a hot piece of ass. **Tattoos Tequila ebook reader** I would be so offended if my ex husband said that about me as I'm sure she probably was, **EBook Tattoos tequila** Yes his life certainly hasn't been boring or uneventful and that makes for some interesting reading, **EPub Tattoos tequila sunrise** Tattoos Tequila: To Hell and Back with One of Rocks Most Notorious Frontmen It amazes me that these men are still alive. **Tattoos Tequila epub** And if I don't hear the word pussy again for the rest of my life I'll die happy! I saw Motley Crue in their farewell tour: **Book Tattoos tequila jalisco** Kinda wish I hadn't read this book - took the 'romance' out of the final tour: **Tattoos Tequila epubor** Alas as a friend said 'it's brain candy!' Tattoos Tequila: To Hell and Back with One of Rocks Most Notorious Frontmen I'm sorry but I'm a HUGE Motley Crue fan, **Tattoos tequilaberry salad** All he did was whine and brag about how good he was at this and how good he was at that how many cars he had and how rich he is and bla bla bla: **Tattoos Tequila kindle paperwhite** I read it twice and I also loved and read two times Heroin Diaries (which was wonderfully written But Nikki Sixx is a talented writer) : **Tattoos Tequila bookkeeping** At first there was some talk of a stadium tour but that fizzled out. **EPub Tattoos tequila brands** I ended up settling for second billing on the latest Van Halen tour-- the first for their new lead singer Sammy Hagar, **Tattoos Tequila pdfescape** After 221 pages of being fed bullshit I finally marked a passage as one that I can easily say is just wrong, **Book Tattoos tequila** Follow where I'm going with this? There is something wrong with what Vince Neil is saying. **Tattoos Tequila kindle reader** I still have large portions of my brain unintentionally devoted to all kinds of Motley Crue minutia, **Book Tattoos tequila** This trend of blaming others while walking around like an angel continues but the book has some other peoples voices interjected here and there telling their side of the story, **EPub Tattoos tequila drinks** At first I hated these other voices which along

with the 'voice' of Vince Neil I'm fairly (98, **Book Tattoos tequila** 97%) certain that they are not the real words spoken but 'characters' constructed from real interviews by the co-writer Bob Sager, **Tattoos Tequila kindle app** Vince Neil describes his second wife (the ex-mud wrestler) as becoming a germophobe when she got pregnant and this stopped him from having any friends over. **Tattoos Tequila bookworm** This last part should either be ignored or viewed as a I told you so after the release date of this book in September, **Book Tattoos tequila rose** I know I'm reading an ARC and this could be fixed but it doesn't seem like the kind of book that anyone is going to fix up anymore, **Tattoos Tequila kindle app** Not that Vince Neil will ever know he mentions a few times that he doesn't read books and has no intention of starting with this one: **Tattoos tequilaberry's** Tattoos Tequila: To Hell and Back with One of Rocks Most Notorious Frontmen This book is the prime example of what it is to quarter-ass writing a book: **Tattoos Tequila pdf editor** What the hell?I don't even want to think about how many times the book says as the story goes, **Tattoos Tequila epub** and then wraps up a massive event of Motley's career (or maybe just a fascinating story) in one paragraph. **Tattoos Tequila pdf drive** During some parts I felt like I had already read what he was saying in the exact same words from The Dirt, **Tattoos Tequila ebook3000** The only parts of the book that were truly worth reading were the introduction maybe the first chapter and the interviews with other people: **Tattoos Tequila epub file** Honestly the way Vince rambles about how much he loves the business side of things makes me question if he truly wanted to write this book: **Kindle Tattoos tequila jalisco** It seems like it was more of a way to make some quick cash, **Book Tattoos tequila** On top of that all he did was crap on all the other band members: **PDF Tattoos tequila brands** A lot of people think I didn't get to say much in The Dirt: **Book Tattoos tequila jalisco** All those years in rehab and counseling--the talking cure? I can't say I really got that much out of it: **Tattoos Tequila pdf filler** All that cure and I should be cured by now don't you think? All this talking. **Tattoos Tequila pdf drive** So forgive me if it's a bit hard for me to slice open a vein and let my blood run red all over this page for you, **Book Tattoos tequila** I'll fight you or I'll f*ck you but chances are I'll be hard pressed to sit there and talk to you: **Tattoos Tequila pdf reader** Still who do you think gets laid more me or you? But time does change a man. **Tattoos Tequila pdfescape** A bottle of Jack Daniel's and uncooked hot dogs do not make for a particularly well-balanced diet. **EPub Tattoos tequila brands** It might look like we were trying to do that but speaking for myself death was never my intent. **Book Tattoos tequila brands** I just wanted to feel good you know? I was just looking for that kick that high. **Book Tattoos tequila** Healthier than a syringe full of cocaine powder like I was doing back in '81 with my girlfriend Lovey that's for sure[1]

Is nasty. The book starts out honestly. Vince is a pig. The shit is his nasty life. They have a shitty role model here.hope they're better people.Sounds degrading to me. That book is so fucking good. I was kind of hoping for the same from this book. I didn't get what I wanted.I never really liked Vince Neil. He always reminded me of an asshole. Sort of a walking asshole with with blond hair. Case in point. Why they can't be trusted. He does no wrong. Really. He's manipulative and charming when he wants to be. It had never been a problem. The author makes an honest appraisal of that situation.So overall the writing format was ok. Biographies are difficult. Rocker bios even more egos involved had to truly difficult. It's a wonder the whole band didn't die from AIDS.Overall I enjoyed this. It was hard to put down. There's two sides to every story. In this book we are only getting his side. Only one band member wrote a section for the book. Other people have refused as well. That book has gotten many favorable reviews. Then the book wouldn't have been so one sided. And if you like misinformation you will like this book. Otherwise don't waste your time. That was frustrating to read. There is one portion that I know was completely inaccurate. I will give him credit for one piece. That's what you get when you drink and drive.They are truly heart wrenching and poignant.I just hate his whole attitude towards women especially groupies. That their spleens and penises and livers haven't exploded. Had a blast. In high school I had the biggest crush on Vince Neil. But this book was HORRIBLE. There were also a lot of inconsistencies. That book was awesome and was well written.Exposed entered the Billboard charts at #13. Exposed was Vince Neil's debut solo record.

He recorded and released it sometime after 1992. I grew up loving Motley Crue. That's probably the nature of doing a book like this. Anyway back to what I was saying. And caused a lot of fights between them. There are so many more things like this in the book. There is a serious lack of editing in this book. There are capitalizations missing. Grammatical errors. The wrong words being used. Factual problems. I hope I'm wrong. He didn't even half-ass it. It was so disappointing. Ew. I would not suggest reading this book at all. Just go out and read The Dirt. It's so much more enjoyable. It's probably true. I didn't read it. I'm not that big a talker. Some people can f*ckin' talk . eat up all the oxygen in a room in no time flat. I don't tend to run my mouth. It's b*llshit. War stories. War wounds. I know I know. Old rock stars fall hard. I'm forty-nine years old. I'm five-foot-nine 170. The spandex is over. I've had three plastic surgeries. I ain't twenty-one anymore. It's a miracle we survived at all. We are all very lucky we didn't kill ourselves. These days I've got businesses to run. I like the action. Something to get your heart pumping. But you got to admit.those days are a lot more fun to talk about..
