

Seduction and the CEO (Montana Millionaires, #1) By Barbara Dunlop the family look forward to reading all the other Montana millionaires 192 This plot has been used and abused both in books and movies don't you think? But we still gobble them up like we've already been burned by some if not most of these stuff. You see Melissa's big plan SPOILERS BELOW is to take a job at the Ryder ranch to get a cover story for the magazine she writes for hopefully snagging a nice new promotion for herself along the way. Que ao voltar para o rancho da família em Montana se depara com uma nova funcionaria do rancho sua irmã caçula havia contratado uma moça que não tinha habilidade alguma para lidar com os cavalos. 192 Primeiro livro da trilogia dos irmão Ryder a autora apresenta os 3 irmão e um pouco da história base da família porém o foco principal é o romance entre a repórter Melissa Warner e o mais velho da família Jared Ryder magnata da área imobiliária. Para conseguir uma entrevista com o milionário a mocinha se disfarçada de funcionária do rancho da família e joga um charme para ver se cola e assim descobrir os segredos da família. E não é que funciona! Menos de uma semana ela não só descobriu os segredos sombrios dos Ryder mais também se apaixonou loucamente pelo mocinho ao ponto de desistir da matéria e então. Sinto muito mais vocês vão ter de ler se quiserem saber o resto (risos descarados!) 192 Barbara Dunlop is a New York Times and USA Today bestselling author of over sixty romance and romantic comedy novels including the new Paradise Alaska Romance series for Berkley and the recent Gambling Men series with Harlequin Desire:i recall heart pounding breath holding moments in this book which is a rare treat for me, 192 This was a fun sexy read and a good introduction to the Montana Millionaires: Slightly tortured hero clever and creative heroine and a romantic setting. I'd certainly pick up something else by Barbara Dunlop if I spotted one. 192 this was a great quick read liked the plot and character, very interesting when the cowboy is a businessman beside the ranch. Thankfully there were enough interesting quirks in this story to hold my attention, 192 The heroine Melissa is a journalist and is aiming for a promotion in order to get it she needs to secure an interview/feature with elusive CEO Jared the hero. She travels to Montana and pretends she is a traveller in need of money and gets a job on Jared's ranch. As she hoped she manages to get Jared's attention but in attempting to dig for information she also arouses his suspicions. However there is also an attraction between them and despite Melissa's deceit and Jared's suspicions they can't help but give in to their desire, Jared has recently learn't some devastating news about his family and hasn't been able to tell anyone, He feels very alone and when his sister attempts to matchmake him and Melissa he plays along and they grow ever closer leading him to open up, But he doesn't know about Melissa's true reason for being there and what she might do with this information, At first I felt very uncomfortable over Melissa's lies however this did add a bit of excitement to the book. Although the story is well written I felt it fell short of it's potential: The last few chapters felt very rushed and lacked any punch: But I did like both the characters and the chemistry between them, 192 My previous/first attempt with a Silhouette Desire left a lot to be . Perhaps I'll only read single-author series rather than multi-author series: Regardless Seduction and the CEO was a good representation of all the things I enjoy in a romance novel apart from the lies: Jared is suspicious especially when Melissa has problems dealing with the horses she's been hired to work, But the hell with it she's attractive and a pretty good flirt so he succumbs to her charms, Jared learns who she really is and says he never wants to see her again. I may be alone in this but I don't need a romance to end with a proposal or marriage to make me happy. The last chapter of Seduction and the CEO felt rushed like the word count limit was coming fast and we've gotta end this thing NOW. I would have been fine with Melissa and Jared sharing another date agreeing to see where things between them might go: Dunlop's writing; Jared and Melissa were believable and had chemistry, I've got high hopes for In Bed with a Wrangler the second in the series: Desejo 1412011 Essa primeira estória da trilogia Os Ryder com certeza é uma ótima forma de apresentar os irmãos: Neste livro temos o irmão mais velho Jared o magnata da área imobiliária, Jared percebe imediatamente que há algo errado com Melissa ela é inteligente demais para ficar varrendo estábulos. Além de inteligente ela é muito esperta e consegue de forma muito simples desviar a atenção de sua inteligência e habilidades: Ele acabar deixando de lado as suas desconfianças porque estava muito mais interessado em seduzi-la. Mas a

mocinha percebe que ao invés de ficar focada em seus objetivos acaba se apaixonando perdidamente pelo magnata, E assim ela vai acabar tendo que escolher e pode acabar sem nada, Sou totalmente contra pessoas que enganam e mentem mas no caso de Melissa acredito que se não fosse assim nunca conheceria Jared: Então fico no dilema gostei muito da estória mas não gosta nada das mentiras: Wanting to get a promotion at her work journalist Melissa Warner goes to Montana to write about Jared Ryder and gets a job at the youngest Ryder sibling's equestrian center, The first time Jared and Melissa made contact there was instant attraction between them: Jared suspicious of the attractive woman on the ranch warns Melissa against fraternizing with the cowboys: However his little sister saw the attraction between them and wants to be get them together so she helped bring Jared and Melissa spend more time together: Jared Ryder wasn't looking for a distraction of the female kind, However he can't help but feel attracted to Melissa who is intelligent yet sassy at the same time, And the attraction is reciprocated which makes Melissa feel guilty about her lies, I enjoyed reading this book and I plan to read the rest of this trilogy. I'll have to read the rest of the trilogy if I want to recommend or not: Published in multiple languages across a worldwide market Barbara's books have received numerous awards with a number of her stories optioned for film and television.

Making money comes easily for millionaire Jared Ryder though the hectic corporate lifestyle has him heading to his Montana ranch whenever possible: There a new female hired hand has the CEO thinking about mixing a little pleasure with business, But her beauty's too captivating to ignore and Jared's ready to stake his claim, Yet even in his passion-induced haze he suspects Melissa of hiding something: Heaven help her if he discovers her lie for there's nothing more dangerous than Ryder retribution[1]

This is an interesting plot that had real potential.Overall this is a light and enjoyable read.Originally posted at <http://everyday-is-the-same.blogspot>. desired. (Sorry.) I'm pleased to say that Ms. Dunlop has brought me back into the fold -- tentatively. Unfortunately Melissa is outed by a co-worker. He cannot stop thinking about her. She cannot stop thinking about him.So they do what comes natural and reunite and Jared proposes. Still I liked Ms. 192 Os Ryder 01A Arte do EnganoBarbara DunlopH.
