What's going on with all these short stories? Some of them as little as 16pages! I try not to read but a few from people that write them well: This writer did not do it well It is the nicest thing can say, Shirley Kindle Flora Ferrari can spin an Alpha male tale in a quick read that does not leave you wanting, Her signature style of wonderful supportive alpha male strong yet feminine female and insta everything format keeps me coming back for . I received a free copy of this book from the author via Booksprout, Kindle I really enjoyed this latest older man/younger woman romance by Ms: The characters in this story were interesting well developed and have chemistry, The story is always enjoyable and interesting well written with a happily ever after. Ferrari's books because she includes a 5 year and then another 5 year epilogue so you get to see what happens to the couple. In addition to receiving an arc I purchased the book for my collection. I had the opportunity to review or not. Ferrari. I especially like Ms. I highly recommend this book. Possessive bossy.hot sexy and knows what he wants
