

ART OF ICE AGE HC By Tara Bennett

Amazing book and arrived before due date ART OF ICE AGE HC What I was looking at The Art of Blue Sky Studios I wondered what there wasn't any dedicated book for the Ice Age films.) ART OF ICE AGE HC Ice age is one of my favourite movies and I love seeing the work that goes into the things I love amazing purchase ART OF ICE AGE HC Sensacional! Este libro para estudios de concept art: This 248 page hardcover features a generous amount of concept art and commentary for all the Ice Age films up to Ice Age: Collision Course all arrange chronologically, Before getting the book the only key artist I know who works on the films is Peter de Seve. Now I can see so many other talented artists who have worked behind the scenes and their wonderful artworks: There are lots of pencil sketches digital paintings and the occasional colour script thumbnails: What I really like are the loose caricature style character designs of Peter de Seve: The development art on a whole is just a joy to look at: The colours and the level of detail or roughness is just right, The other highlight of the book is the text that delves into the making of each film including Scrat's short films. They talk about the brainstorming sessions and where ideas come from design considerations the characters and basically the creative process. It's very insightful and inspiring to read and find out about what happens behind the scenes: The text is by Tara Bennett author of many other film and TV companion books: For those who already have The Art of Blue Sky Studios while there is some duplication it's still a very good buy because there is a lot of artwork included: Overall it's a fantastic artbook that's well worth the wait and price. ART OF ICE AGE HC Precioso libro incluye todas las pelis y además el corto de Navidad, Si te gustan este tipo de libro debes hacerte con este ART OF ICE AGE HC ART OF ICE AGE HC : Bennett Tara: : Boeken ART OF ICE AGE HC.

. Well we finally have one. The artworks are beautiful. Most are character designs and some are environment art. He just makes those characters look so lively animated. Coloured paintings from other artists also look great. Having good text really adds to the depth of the book. (See pictures of the book on my blog. Just visit my profile for the link.
