I didn't use any of the restaurant recommendations but used it for just planning the general direction of my trip and all the sights that were must sees for me! No regrets with this book for sure, **Lonely planet islande pdf** Lonely Planet Iceland (Travel Guide)The guide itself is pretty straight forward and not overly stilted: **Lonely planet islande pdf** It was difficult to decide between the several books on the market (other books as well from Lonely planet): **Lonely planet islande pdf** But there is no information within the book which differs from any free advertisement available: **Lonely planet the islands book** The maps are as well nothing special and do not contain the relevant sightseeing locations: **Lonely planet the islands book** I am bying Lonely plant because I am an individual traveler and need good trips advice in particularly with the sigthseeing specialties for Iceland, **Lonely planet the islands book** The book contains the rare minimum no secret spots no maps of sightseeing spots (very superficial). **Lonely planet islande pdf** Essentially the book was useless and I picked up free maps of the internet and advertisement maps being freely available at the destination: **Lonely planet islande pdf** Very elaborate was the overnight staying and restaurant section which I did not need, **Lonely planet islande pdf** At leats make a red dot on the provided maps to indicate special places. **Lonely planet the islands book** Lonely Planet Iceland (Travel Guide) Quickly becoming a fan of Lonely Planet: **Lonely planet the islands book** Splash around in the Blue Lagoons geothermal water catch a glimpse of the celestial Northern Lights or take a boat trip among the icebergs all with your trusted travel companion. **Lonely planet islande pdf** Looking for a guide focused on Reykjavik? Check out Lonely Planets Pocket Reykjavik a handy sized guide focused on the cant miss

sights for a quick trip. **Lonely planet islande pdf** Looking for extensive coverage? Check out Lonely Planets Scandinavia guide for a comprehensive look at all the region has to offer. **Lonely planet islande pdf** Lonely Planet covers must see spots but also enables curious travellers to get off beaten paths to understand of the culture of the places in which they find themselves. **Lonely planet islande pdf** Its everywhere and its telling entire generations of people how to travel the world. **Lonely planet the islands book** Fairfax Media Lonely Planet guides are quite simply and so was restaurant information. **Lonely planet the islands book** We bought this having already planned our trip and still found it useful with each region we visited. **Lonely planet the islands book** I would recommend buying it as a supplement and a baseline but if you only use this guide to plan your trip you'll miss out: **Lonely planet islande pdf** Lonely Planet Iceland (Travel Guide) Bought this for a recent trip and it was very helpful. **Lonely planet islande pdf** Between myself and others on the trip we had several guide books. **Lonely planet islande pdf** Lonely Planet never steered us wrong and we were frequently glad we had it with us. **Lonely planet islande pdf** I'll definitely get another Lonely Planet guide for my next trip, **Lonely planet islande pdf** It is amazing! Lonely Planet Iceland (Travel Guide) I planned a week long trip to Iceland based on this book and on some Internet searches. **Lonely planet islande pdf** I did not have previous experience with this country and this was an excellent resource. **Lonely planet the islands book** Regarding hotels I mostly booked based on Internet searches because of availability. **Lonely planet islande pdf** That being said I did check with this book to see if there were any comments made about accommodations. **Lonely planet islande pdf** The book is fairly well organized with each section of the country split out. **Lonely planet islande pdf** It would have been nice if the guide maps at the beginning of each section overlapped a bit: **Lonely planet islande pdf** I liked that highlights of each part of the country were included on the map page. **Lonely planet islande pdf** With so many different things to see it made it easier not to miss something good: **Lonely planet islande pdf** Because we went clockwise around the Ring Road I kept having to jump around the book but this is pretty unavoidable, **Lonely planet islande pdf** I would not use the maps to navigate (I used the NG road map), **Lonely planet the islands book** The road quality varied greatly so be sure to consult another resource(Google maps road maps online Iceland websites with road conditions) before planning a driving trip. **Lonely planet islande pdf** I thought the photos could have been much better; I did not find them to be particularly useful and didn't feel the quality was very good, **Lonely planet the islands book** On the whole most of the information was up to date and accurate. **Lonely planet islande pdf** I did use the index quite a bit and found that to be extremely important: **Lonely planet islande pdf** This is a fine reference book lightweight and easy to use, **Lonely planet the islands book** Lonely Planet Iceland (Travel Guide) This book is very poorly printed on terrible cheap quality paper. **Lonely planet islande pdf** Many of the pages are double printed or smeared so that I can't even read them: **Lonely planet islande pdf** I still can't find the bits about the language so I can say hello or good morning: **Lonely planet islande pdf** Does no one care about this any? It looks as though the photographs were printed to show well online but the quality of the book is so bad it's basically garbage[1]

Like no other. This was considered the newest so I went for this one. The price is good. Very dissapointed. I urge lonely planet to update this book. Lonely Planet Iceland (Travel Guide) Great quality. Their maps photos and descriptions are perfect. Great reference for a vacation to Iceland. The world awaits! Lonely Planet. Its on everyones bookshelves its in every travellers hands. Its on mobile phones. Its on the Internet.P.S. Go to Iceland. This did not matter much. I can't believe it cost nearly \$20. Waste of \$. Lonely Planet Iceland (Travel Guide)
