Absolutely Awesome Read well written great characters Awesome story line easy read to hold you on their journey this genre might not be for everyone but its a really wonderful story cannot wait for from this Author I voluntarily reviewed an Advance Reader Copy of this book Laylah Roberts This was such a heartwarming addition to this series Ive been waiting to read Edens story since the beginning though you dont have to read the rest of the books it helps and Daring Daddy delivered We finally get the backstory on why Eden can be so prickly with Zeke and so shy with everyone else She and Zeke are perfect together shes smart and snappy and keeps him on his toes and he doesnt give up no matter how many times she tries to make him Turns out shes got a little inside that just needs the right encouragement and love to draw her out The only thing missing for me was interaction between Eden and her brothers Clint and Kent but other than that this was perfect and I cant wait for Maccas story I received a free copy of this book via Booksprout and am voluntarily leaving a review Laylah Roberts Eden has always been on the edge of what is going on at Sanctuary and it was so nice to see Zeke bring out her Little and bring her such happiness There are moments of fear and even terror for both Eden and Zeke as well as moments of pure pleasure and love Laylah Roberts Ok these cowboy DD's are so so sexy and caring They are very bossy and controlling I love this series and have fallen in love with each of these DDs You do not have to read them in order as each one is a stand alone but as all characters are intertwined with each other I found it easier But there again I'm easily confused These books are a good put your feet up and forget about your troubles read So very enjoyable ☐ Laylah Roberts I've been waiting for this story and it didn't disappoint Another amazing with and it's a page turner Loved that Zeke was a strong and patient man and always told her that she was his until she believed him Another brilliant book in this series Love Laylahs books xx Laylah Roberts Shes the spoiled princess living a life of reckless fun Or thats what she wants people to believe Because for years Eden has been hiding her pain from the people who love her the most All of her true emotions and feelings are tucked away in a safe place where no one can reach them Except for him Because when Zeke touches her heat fills her Longing Want If there is one thing she wants in this life its him But she cant have him She cant be what he needs Shes not strong Or whole She definitely cannot be his Little And he would never be her Dom her Daddy her love She's the spoiled princess living a life of reckless fun. **Dating daddy simulator** Daring Daddy (Montana Daddies Book 5) Why insist on 20 words for a review via kindle I don't know Especially when I just want to say that I really enjoyed this book Laylah Roberts Eden and Zeke are made for each other Two broken halves that make the perfect whole Eden just needed to believe in herself a bit Love this book can't wait for in the series Laylah Roberts Eden has been hiding her true feelings and just living day by day She's not really following her heart or her dreams She's scared and reckless Zeke knows that she's hiding and he wants to show the joy of letting go and allowing him to see her I absolutely love Eden's little She's so much fun An adorable sweet and mischievous ice cream lover Zeke is the perfect daddy He knows that she's going to need time love and lots of patience He teaches her to trust him He gives her so much love and understanding They are the perfect couple I was laughing and crying as she began to open up Eden is so strong and full of so much love you can't help but love her She's beautifully adorable and I'm happy that she's found her soulmate in Zeke I highly recommend this wonderful series The stories get better and better and I can't wait for the next book Laylah Roberts
